What do you hope to contribute or learn as part of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I have been a cyclist in the city since 2008, and a London resident for 20yrs.

I'm familiar with most of the bike lanes in London, and have been cycling as my main mode of transportation for 10yrs. now I'm passionate about alternate modes of transportation, and hope that I can learn more about what the city is doing to enhance cycling and reduce its carbon footprint.

My long-term love of cycling, in depth knowledge of the city, and my experience as a female equips me could provide a good perspective to the committee and their plans.

# Application for Appointment to City of London Advisory Committees

How will you support the work of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I can provide input, experience, stories and knowledge of the city bike lanes and pathways.

I'm an advocate for cycling and alternate carbon-neutral modes of transportation, so I can include this perspective in discussion, and requests for opinions and input.

I know the city very well, this knowledge can be useful.

I'm fluent in French and Arabic, this could be useful if needed.

I will commit to the 4hrs./month that is required, and even more if needed.

Please describe additional experience, training, or community involvement that will help you in your role as an Advisory Committee Member. (maximum 750 characters, attach an extra sheet if you need more space)

I have over 5yrs. experience working within social services and the justice system; I've worked with youth, adults, transient individuals and have done outreach community work, and support for developmental individuals. The latter experience has made me into a fierce advocate, and has given me great insight into how other individuals in different socioeconomic status live. Additionally, I'm an immigrant and came from a background in which bikes aren't used, or even encouraged for women, I see cycling as an empowering hobby and taught myself how to ride a bike at the age of 12 because I wanted to learn this skill so bad. Finally, I'm an avid traveller, and have ridden a bike in many different countries.
