## How to Read this Document

This document identifies the responsibility of each stakeholder in the Downtown Recovery Grant Program.

**Applicant** indicates the person who is applying for the grant (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) is responsible for completing the task. **CL** indicates that a City of London staff member is responsible for that task.

The Recovery Grant Program is available to property owners, tenants, and business owners (or agent acting on behalf of the property owner, tenant, or business owner) who are eligible to make property modifications in the Downtown Community Improvement Project Area (Map 1).

## Map 1 – Downtown Community Improvement Project Area

Figure 1

### THE DOWNTOWN COMMUNITY IMPROVEMENT AREA

## Definitions

Approved Work(s) – The materials, labour, and/or effort made to improve a property that has been determined to meet eligibility criteria under the incentive program requirements.

Applicant – The person (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) who applies for the Recovery Grant Program.

CL – City of London staff member.

Commitment Letter – A document prepared by the City of London outlining its commitment to a property owner to provide a future grant, based on a redevelopment, rehabilitation and/or renovation project that the applicant has yet to undertake. The letter describes the specific scope of *approved works* that the property owner will undertake to receive the grant and specifies the time length of the City's commitment.

Complete Application – Includes a completed application form for the Recovery Grant Program, and includes the following information:

- Name and address of the property owner, tenant, business owner (or agent acting on behalf of the property owner, tenant, or business owner)
- A letter from the property owner authorizing that the *applicant* (if different from the property owner) is permitted to make modifications to the building
- Confirmation that the address is within the Downtown Community Improvement Project Area
- Complete drawings indicating the property modifications to be undertaken
- Itemized list of specific property modifications
- Two (2) comparable quotations by qualified contractors showing cost estimates for the proposed works which are required to be included in the incentive application. In general, the lower of the two estimates will be taken as the cost of the eligible works. Cost estimates should be consistent with the estimate noted on the accompanying Building Permit (if required). For *Emergency repairs*, only one paid receipt/invoice is required
- Photographs of the *discrete building* being considered for improvements
- A cover letter that summarizes the property modifications to be completed and summarizes the provided quotations
- A signed copy of the Addendum including the Hold Harmless Agreement, General Liability Insurance, and Contractor qualifications
- A copy of the Building Permit (if required)
- A copy of the Heritage Alteration Permit (if required)
- Any other information that may be deemed necessary by the City Planner or designates

Discrete building – Means any permanent structure which is separated from other structures by a solid party wall and is used or intended to be used for the shelter, accommodation, or enclosure of persons. To be a *discrete building*, the structure will have a distinct municipal address.

Emergency repairs – Means repairs completed on or after May 4, 2021, to immediately secure discrete building damage caused by vandalism, until the identified permanent solution indicated in the grant application is executed.

## Purpose

In support of business and property owners during the COVID-19 pandemic, the Recovery Grant Program is intended to reduce the financial burden on business and property owners who want to make modifications to private property because of the increased health and safety requirements related to the pandemic. This program is also available to assist with exterior property modifications to improve façades to increase

the visual attractiveness (“curb appeal”) and to fix or prevent damage related to vandalism. This program grants up to 100 percent of the total cost of the property modifications, up to a maximum of \$5,000 per *discrete building*.

Health, safety, and visual attractiveness improvements can make for a more welcoming space and create a more vibrant urban environment.

## Funding

Municipal Council has approved \$250,000 in total funding for the Recovery Grant Program.

The Downtown community improvement project area will initially receive \$70,000 in funding for the first submission window. The total amount of funding for the community improvement project area may increase or decrease depending on the number of applications received from all five eligible community improvement project areas.

Once the total funding is exhausted the Recovery Grant Program will conclude.

## Eligible Works

Eligible works that will be granted through the Recovery Grant Program include costs associated with the modification or installation of the following improvements:

- Exterior lighting
- Street-facing façade windows and/or façade door replacement
- Façade repair (for example, brick repointing, painting, tile replacement, or similar repairs)
- Decorative exterior façade gates
- Interior modifications to improve health and safety because of the COVID-19 pandemic (for example, physical barriers, plexiglass, or other property improvements to improve physical distancing)
- Interior modifications to refresh the property (for example, painting or flooring)
- *Emergency repairs* to secure a discrete building to damage resulting from vandalism when a permanent solution has also been identified
- Other work at the discretion of the City Planner or designates

If the property is located within a Heritage Conservation District and/or individually designated under Part IV of the *Ontario Heritage Act*, and the work requires a Heritage Alteration Permit, grants will only be issued through the Recovery Grant Program if a Heritage Alteration Permit is approved.

The following fees and work are not eligible to be granted through this program:

- Any fees related to obtaining a City of London Business Licence
- Any materials required for an application or licence
- Non-property related improvements, such as hiring of security guards or cleaning staff
- Appliances, cupboards, cabinets, fixtures, furniture, and similar items
- Insurance fees
- Other fees and work at the discretion of the City Planner or designates

## Eligibility Criteria

To be eligible for the Downtown Recovery Grant Program, the *applicant* must meet all conditions detailed in this program description.

### Applicant Considerations

- The *applicant* can be the registered owner of the property or an agent (including building tenant or contractor who has been retained to undertake improvements). If the applicant is not a registered owner of the subject property, the *applicant* will

be required to provide authorization in writing from the registered owner as part of a *complete application*

- The *applicant* must not have ever defaulted on any City loan or grant program, including by way of individual affiliation with any company or group of people authorized to act as a single entity such as a corporation
- The Recovery Grant Program will not apply retroactively to work completed prior to the approval of the *complete application* by the City Planner or designates unless (1) for *emergency repairs* as defined, or (2) the approved work is part of an existing approved Upgrade to Building Code Loan application or Façade Improvement Loan application. If the work was previously approved under an existing loan *Commitment Letter* and the loan has not been issued yet, a Recovery Grant can still be issued, and its value will be deducted from the total amount of the loan

#### Property Considerations

- The property must be located within the Downtown Community Improvement Project Areas as defined in the Downtown Community Improvement Area By-law (see Map 1)
- There are not any City of London Building Division orders or deficiencies relating to the subject property at the time the grant is issued
- The works applied for under the Recovery Grant Program shall not include any costs for which grants, or loans have been issued under any other City of London Community Improvement Plan financial incentive program
- Each property is eligible to avail simultaneously of multiple incentive programs provided through the other City of London Community Improvement Plans, where eligible

#### Building Considerations

- Separate applications must be submitted for each *discrete building* on a single property
- The property must contain an existing *discrete building* (occupied or unoccupied)
- Where the entirety of a multi-unit commercial building on one property, which contains separate units, are all under the same ownership, (or with condominium status) each commercial unit will be considered as one *discrete building* for the purpose of this grant program
- Where a building is within a contiguous group of buildings, a *discrete building* will be interpreted as any structure which is separated from other structures by a solid party wall and a distinct municipal address
- Each *discrete building* on each property is eligible for the Recovery Grant Program

## **General Grant Terms**

Application can be made to the program during the funding application window(s) as determined and advertised by the City.

The City is not responsible for any costs incurred by an *applicant* in relation to the grant program, including without limitation, costs incurred in application of a grant.

If the *applicant* is in default of any of the general or program specific requirements, or any other requirements of the City of London, the approved grant may be delayed, reduced, or canceled, and the *applicant* may be required to repay part or all the approved grants.

All the *approved works* under the incentive program must comply with all applicable Provincial regulations and City guidelines, by-laws, policies, procedures, and standards.

If applied for and approved, all *approved works* completed must comply with the description of the works as provided in the Recovery Grant application form and detailed in the City's *Commitment Letter*, with any amendments as approved by the City of London.

This grant does not imply that processes for permits are invalid or unnecessary.

## Grant Amount

The property improvements undertaken will be paid back to the *applicant* in the form of a one-time grant to cover 100 percent (100%) of the eligible property modification costs (the *approved works*), up to a maximum of \$5,000.

## Grant Distribution

The City will provide the *applicant* with one cheque in the full amount of the approved grant after: (1) the City has completed its due diligence to ensure the *applicant* and property remain eligible for the grant. This includes the *applicant* providing proof that the *approved work* has been paid for in full. (2) City staff has reviewed the completed *approved work* to ensure they have been completed as approved, and (3) the Grant Agreement has been signed.

**The City will not provide partial grant amounts or progress payments.**

## Grant Agreement

The City requires the *applicant* to enter into a Grant Agreement. The City Planner or designate has the authority to execute the Grant Agreement on behalf of the City.

## Transferable Grants

If a participating property is sold, in whole or in part, before the grant is issued, the *applicant* and/or the subsequent property owner is not entitled to the outstanding grant (on either the portion sold or retained by the *applicant*). The City may, entirely at its own discretion, enter into a new agreement with any subsequent owners of the property to receive the outstanding grant under this program.

## Application Process

### Expression of Interest

**Applicant** – It is suggested to contact City of London staff and/or Downtown London BIA staff prior to making an application to the Recovery Grant Program.

### Consultation Phase

**Applicant** – The *applicant* contacts the City of London and/or Downtown London Business Improvement Area who, if necessary, will arrange a meeting to share ideas for the proposed project, information about incentive programs, provide application form(s) and assist with the application process. This meeting will also help to identify what permits or permissions may be required to complete the proposed improvements. Consultation with an Urban Designer and/or Heritage Planner may be necessary. Where possible, the City will make appropriate staff available for this meeting, which is usually on site at the property where the proposed work is planned.

Applications made for financial incentive programs do not in any way replace the need for obtaining any necessary approvals. Prior to undertaking building improvements, the *applicant* is required to obtain any necessary approvals and/or permits. Heritage Alteration Permits (for properties requiring them) will be required before financial incentive applications are accepted.

Service London staff are also available to help with clarifying/applying for applicable permits.

Discussions with City staff are encouraged early in the conceptual phase to ensure proposed improvements comply with City regulations and guidelines, and the proposed improvements are eligible under the incentive program.

Prior to property modifications beginning, the *applicant* must contact Planning and Economic Development to complete the application process.

## Application Phase

**Applicant** – A *complete application* (see Definitions) for the grant program is submitted to the City of London during the initial submission window as advertised. Applications will be reviewed in the order they are received. Applications may be prioritized across all five eligible community improvement project areas to ensure equitable distribution of the Recovery Grant funding. As a result, some applications may be placed on a waitlist.

**CL / Applicant** – City of London staff will review the application for completeness and inform the *applicant* in writing that either, more information is required, or the application is accepted. If accepted, the City will provide a *Commitment Letter* which outlines the *approved works*, related costs, and monetary commitment that the City is making to the project. The City's commitment is valid for six months from the date of issuance of the *Commitment Letter* unless the approved work relates to façade improvements for a property in a stretch of road under construction. In that case, the commitment is valid for one year from the date of issuance of the *Commitment Letter*. The City's commitment applies only to the project as submitted and approved (i.e., the *approved works*).

Six months after the initial submission window has closed, City staff will review to see if any existing grant commitments have lapsed, review the waitlist to determine if additional grants can be released, and/or if a new application window should be opened. At this point, City staff may redistribute funding to one or more community improvement project areas if they are experiencing a large volume of applications.

**Applicant** – Any subsequent changes to the project will require review and approval by the City.

**CL** – City staff may visit the subject property and take photographs, both before and after the subject work is completed or ask the *applicant* to provide photos as part of a *complete application*.

## Property Modification Phase

**Applicant** – Having obtained all necessary approvals and/or permits and receiving a *Commitment Letter* from the City for the *approved works* the *applicant* may start to undertake eligible property modifications.

## Confirmation Phase

**Applicant** – The *applicant* will notify the City in writing (via letter or email) once the project is complete and the costs respecting those works are paid. Confirmation that related building permits are closed, if applicable, is also required so that the City may begin drafting an agreement.

**CL** – Before setting up any agreement, City staff must ensure the property modifications, as described in the *Commitment Letter*, are completed and other criteria, as set out in the program guidelines, have been met. This includes ensuring:

- Related costs, or bills respecting the *approved works* are paid in full
- Related building permits are closed (if necessary)
- Compliance with the Heritage Alteration Permit (if necessary)
- The property owner has not previously defaulted on any City loans or grants, and,
- There are no outstanding Building Division orders or deficiencies against the subject property related to the property modifications made

## Agreement Phase

**CL** – Once the eligible works are verified, City staff will draft the grant agreement and provide a draft copy of the grant agreement to the *applicant* for review.

**Applicant / CL** – After the *applicant* has approved the grant agreement, City staff will prepare two hard copies of the grant agreement to be signed.

**CL** – When all the documentation is ready, City staff will contact the *applicant* to arrange for a meeting to sign the documents. One original signed copy is kept by the *applicant* and one is retained by the City.

**CL** – Once the grant agreement has been signed, City staff will request the grant cheque. The grant cheque is mailed to the *applicant* or picked up by the *applicant* at a City of London office.

## Grant Approval

Once all eligibility criteria and conditions are met, and if funds are still available in the supporting Reserve Fund / account, the City Planner (or designates) will approve the grant application. Approval by means of a letter to the applicant will represent a commitment by the City of London (the *Commitment Letter*).

The City will track grant commitments and grants issued to ensure no more than the maximum funding of \$250,000 is issued across all community improvement project areas.

As a condition of approval, the *applicant* shall be required to enter into a Grant Agreement with the City prior to receiving the grant.

## Additional Rehabilitation and Demolition

Additional work to the interior of the building can be undertaken subject to obtaining a building and/or heritage alteration permit, when required. The grant does not impose any specific restrictions on demolition.

## Inspection of Complete Works

City staff will review the completed *approved works* to ensure they have been completed as approved. This is not a building permit inspection and does not replace the need for a building permit.

## Grant Application Refusal and Appeal

If an application is refused, the *applicant* may, in writing, appeal the decision of the City Planner to the City Clerk's Office who will provide direction to the matter heard before Municipal Council through the Planning and Environment Committee.

## Relationship to other Financial Incentive Programs

An *applicant* may also qualify for financial assistance under the City of London's other financial incentives programs. *Applicants* are advised to check with Planning and Economic Development.

## Monitoring & Discontinuation

As part of the program administration, Planning and Economic Development will monitor the Downtown Community Improvement Plan financial incentive programs. In receiving and processing applications staff will enter relevant information into a Monitoring Database. This information will be included in any Incentive Monitoring Reports which will be prepared to determine if programs should continue, be modified, or cease. This

program is monitored to ensure it implements the goals and objectives of *The London Plan* and the Downtown Community Improvement Plan.

Municipal Council may discontinue the Recovery Grant Program at any time prior to the funding being exhausted.

The grant program's success in implementing the Downtown Community Improvement Plan's goals will be based on the ongoing monitoring as noted in the Program Monitoring Data section.

## **Program Monitoring Data**

The following information will be collected to monitor the Downtown Recovery Grant Program. These measures are to be flexible allowing for the addition of new measures that better indicate if the goals and objectives of the Downtown Community Improvement Plan have been met and used to help complete the biennial State of the Downtown Report or other similar report:

- Number of Recovery Grant applications
- Public to private return on investment for façade improvements
- Public to private return on investment for interior improvements

#### Property Considerations

- The property must be located within the Old East Village Community Improvement Project Area as defined in the Old East Village Community Improvement Area By-law (see Map 1)
- There are not any City of London Building Division orders or deficiencies relating to the subject property at the time the grant is issued
- The works applied for under the Recovery Grant Program shall not include any costs for which grants, or loans have been issued under any other City of London Community Improvement Plan financial incentive program
- Each property is eligible to avail simultaneously of multiple incentive programs provided through the other City of London Community Improvement Plans, where eligible

#### Building Considerations

- Separate applications must be submitted for each *discrete building* on a single property
- The property must contain an existing *discrete building* (occupied or unoccupied)
- Where the entirety of a multi-unit commercial building on one property, which contains separate units, are all under the same ownership, (or with condominium status) each commercial unit will be considered as one *discrete building* for the purpose of this grant program
- Where a building is within a contiguous group of buildings, a *discrete building* will be interpreted as any structure which is separated from other structures by a solid party wall and a distinct municipal address
- Each *discrete building* on each property is eligible for the Recovery Grant Program

### **General Grant Terms**

Application can be made to the program during the funding application window(s) as determined and advertised by the City.

The City is not responsible for any costs incurred by an *applicant* in relation to the grant program, including without limitation, costs incurred in application of a grant.

If the *applicant* is in default of any of the general or program specific requirements, or any other requirements of the City of London, the approved grant may be delayed, reduced, or canceled, and the *applicant* may be required to repay part or all the approved grants.

All the *approved works* under the incentive program must comply with all applicable Provincial regulations and City guidelines, by-laws, policies, procedures, and standards.

If applied for and approved, all *approved works* completed must comply with the description of the works as provided in the Recovery Grant application form and

detailed in the City's *Commitment Letter*, with any amendments as approved by the City of London.

This grant does not imply that processes for permits are invalid or unnecessary.

## Grant Amount

The property improvements undertaken will be paid back to the *applicant* in the form of a one-time grant to cover 100 percent (100%) of the eligible property modification costs (the *approved works*), up to a maximum of \$5,000.

## Grant Distribution

The City will provide the *applicant* with one cheque in the full amount of the approved grant after: (1) the City has completed its due diligence to ensure the *applicant* and property remain eligible for the grant. This includes the *applicant* providing proof that the *approved work* has been paid for in full. (2) City staff has reviewed the completed *approved work* to ensure they have been completed as approved, and (3) the Grant Agreement has been signed.

**The City will not provide partial grant amounts or progress payments.**

## Grant Agreement

The City requires the *applicant* to enter into a Grant Agreement. The City Planner or designate has the authority to execute the Grant Agreement on behalf of the City.

## Transferable Grants

If a participating property is sold, in whole or in part, before the grant is issued, the *applicant* and/or the subsequent property owner is not entitled to the outstanding grant (on either the portion sold or retained by the *applicant*). The City may, entirely at its own discretion, enter into a new agreement with any subsequent owners of the property to receive the outstanding grant under this program.

## Application Process

### Expression of Interest

**Applicant** – It is suggested to contact City of London staff and/or Old East Village BIA staff prior to making an application to the Recovery Grant Program.

### Consultation Phase

**Applicant** – The *applicant* contacts the City of London and/or Old East Village Business Improvement Area who, if necessary, will arrange a meeting to share ideas for the proposed project, information about incentive programs, provide application form(s) and assist with the application process. This meeting will also help to identify what permits or permissions may be required to complete the proposed improvements. Consultation with an Urban Designer and/or Heritage Planner may be necessary. Where possible, the City will make appropriate staff available for this meeting, which is usually on site at the property where the proposed work is planned.

Applications made for financial incentive programs do not in any way replace the need for obtaining any necessary approvals. Prior to undertaking building improvements, the *applicant* is required to obtain any necessary approvals and/or permits. Heritage Alteration Permits (for properties requiring them) will be required before financial incentive applications are accepted.

Service London staff are also available to help with clarifying/applying for applicable permits.

Discussions with City staff are encouraged early in the conceptual phase to ensure proposed improvements comply with City regulations and guidelines, and the proposed improvements are eligible under the incentive program.

Prior to property modifications beginning, the *applicant* must contact Planning and Economic Development to complete the application process.

## **Application Phase**

**Applicant** – A *complete application* (see Definitions) for the grant program is submitted to the City of London during the initial submission window as advertised. Applications will be reviewed in the order they are received. Applications may be prioritized across all five eligible community improvement project areas to ensure equitable distribution of the Recovery Grant funding. As a result, some applications may be placed on a waitlist.

**CL / Applicant** – City of London staff will review the application for completeness and inform the *applicant* in writing that either, more information is required, or the application is accepted. If accepted, the City will provide a *Commitment Letter* which outlines the *approved works*, related costs, and monetary commitment that the City is making to the project. The City's commitment is valid for six months from the date of issuance of the *Commitment Letter* unless the approved work relates to façade improvements for a property in a stretch of road under construction. In that case, the commitment is valid for one year from the date of issuance of the *Commitment Letter*. The City's commitment applies only to the project as submitted and approved (i.e., the *approved works*).

Six months after the initial submission window has closed, City staff will review to see if any existing grant commitments have lapsed, review the waitlist to determine if additional grants can be released, and/or if a new application window should be opened. At this point, City staff may redistribute funding to one or more community improvement project areas if they are experiencing a large volume of applications.

**Applicant** – Any subsequent changes to the project will require review and approval by the City.

**CL** – City staff may visit the subject property and take photographs, both before and after the subject work is completed or ask the *applicant* to provide photos as part of a *complete application*.

## **Property Modification Phase**

**Applicant** – Having obtained all necessary approvals and/or permits and receiving a *Commitment Letter* from the City for the *approved works* the *applicant* may start to undertake eligible property modifications.

## **Confirmation Phase**

**Applicant** – The *applicant* will notify the City in writing (via letter or email) once the project is complete and the costs respecting those works are paid. Confirmation that related building permits are closed, if applicable, is also required so that the City may begin drafting an agreement.

**CL** – Before setting up any agreement, City staff must ensure the property modifications, as described in the *Commitment Letter*, are completed and other criteria, as set out in the program guidelines, have been met. This includes ensuring:

- Related costs, or bills respecting the *approved works* are paid in full
- Related building permits are closed (if necessary)
- Compliance with the Heritage Alteration Permit (if necessary)
- The property owner has not previously defaulted on any City loans or grants, and,
- There are no outstanding Building Division orders or deficiencies against the subject property related to the property modifications made

## Agreement Phase

**CL** – Once the eligible works are verified, City staff will draft the grant agreement and provide a draft copy of the grant agreement to the *applicant* for review.

**Applicant / CL** – After the *applicant* has approved the grant agreement, City staff will prepare two hard copies of the grant agreement to be signed.

**CL** – When all the documentation is ready, City staff will contact the *applicant* to arrange for a meeting to sign the documents. One original signed copy is kept by the *applicant* and one is retained by the City.

**CL** – Once the grant agreement has been signed, City staff will request the grant cheque. The grant cheque is mailed to the *applicant* or picked up by the *applicant* at a City of London office.

## Grant Approval

Once all eligibility criteria and conditions are met, and if funds are still available in the supporting Reserve Fund / account, the City Planner (or designates) will approve the grant application. Approval by means of a letter to the applicant will represent a commitment by the City of London (the *Commitment Letter*).

The City will track grant commitments and grants issued to ensure no more than the maximum funding of \$250,000 is issued across all community improvement project areas.

As a condition of approval, the *applicant* shall be required to enter into a Grant Agreement with the City prior to receiving the grant.

## Additional Rehabilitation and Demolition

Additional work to the interior of the building can be undertaken subject to obtaining a building and/or heritage alteration permit, when required. The grant does not impose any specific restrictions on demolition.

## Inspection of Complete Works

City staff will review the completed *approved works* to ensure they have been completed as approved. This is not a building permit inspection and does not replace the need for a building permit.

## Grant Application Refusal and Appeal

If an application is refused, the *applicant* may, in writing, appeal the decision of the City Planner to the City Clerk's Office who will provide direction to the matter heard before Municipal Council through the Planning and Environment Committee.

## Relationship to other Financial Incentive Programs

An *applicant* may also qualify for financial assistance under the City of London's other financial incentives programs. *Applicants* are advised to check with Planning and Economic Development.

## Monitoring & Discontinuation

As part of the program administration, Planning and Economic Development will monitor the Old East Village Community Improvement Plan financial incentive programs. In receiving and processing applications staff will enter relevant information into a Monitoring Database. This information will be included in any Incentive Monitoring Reports which will be prepared to determine if programs should continue, be modified,

or cease. This program is monitored to ensure it implements the goals and objectives of *The London Plan* and the Old East Village Community Improvement Plan.

Municipal Council may discontinue the Recovery Grant Program at any time prior to the funding being exhausted.

The grant program's success in implementing the Old East Village Community Improvement Plan's goals will be based on the ongoing monitoring as noted in the Program Monitoring Data section.

## **Program Monitoring Data**

The following information will be collected to monitor the Old East Village Recovery Grant Program. These measures are to be flexible allowing for the addition of new measures that better indicate if the goals and objectives of the Old East Village Community Improvement Plan have been met:

- Number of Recovery Grant applications
- Public to private return on investment for façade improvements
- Public to private return on investment for interior improvements

## How to Read this Document

This document identifies the responsibility of each stakeholder in the SoHo Recovery Grant Program.

**Applicant** indicates the person who is applying for the grant (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) is responsible for completing the task. **CL** indicates that a City of London staff member is responsible for that task.

The Recovery Grant Program is available to property owners, tenants, and business owners (or agent acting on behalf of the property owner, tenant, or business owner) who are eligible to make property modifications in the SoHo Community Improvement Project Area (Map 1).

## Map 1 – SoHo Community Improvement Project Area

## Definitions

Approved Work(s) – The materials, labour, and/or effort made to improve a property that has been determined to meet eligibility criteria under the incentive program requirements.

Applicant – The person (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) who applies for the Recovery Grant Program.

CL – City of London staff member.

Commitment Letter – A document prepared by the City of London outlining its commitment to a property owner to provide a future grant, based on a redevelopment, rehabilitation and/or renovation project that the applicant has yet to undertake. The letter describes the specific scope of *approved works* that the property owner will undertake to receive the grant and specifies the time length of the City's commitment.

Complete Application – Includes a completed application form for the Recovery Grant Program, and includes the following information:

- Name and address of the property owner, tenant, business owner (or agent acting on behalf of the property owner, tenant, or business owner)
- A letter from the property owner authorizing that the *applicant* (if different from the property owner) is permitted to make modifications to the building
- Confirmation that the address is within the SoHo Community Improvement Project Area
- Complete drawings indicating the property modifications to be undertaken
- Itemized list of specific property modifications
- Two (2) comparable quotations by qualified contractors showing cost estimates for the proposed works which are required to be included in the incentive application. In general, the lower of the two estimates will be taken as the cost of the eligible works. Cost estimates should be consistent with the estimate noted on the accompanying Building Permit (if required). For *Emergency Repairs*, only one paid receipt/invoice is required
- Photographs of the *discrete building* being considered for improvements
- A cover letter that summarizes the property modifications to be completed and summarizes the provided quotations
- A signed copy of the Addendum including the Hold Harmless Agreement, General Liability Insurance, and Contractor qualifications
- A copy of the Building Permit (if required)
- A copy of the Heritage Alteration Permit (if required)
- Any other information that may be deemed necessary by the City Planner or designates

Discrete building – Means any permanent structure which is separated from other structures by a solid party wall and is used or intended to be used for the shelter, accommodation, or enclosure of persons. To be a *discrete building*, the structure will have a distinct municipal address.

Emergency Repairs – Means repairs completed on or after May 4, 2021, to immediately secure discrete building damage caused by vandalism, until the identified permanent solution indicated in the grant application is executed.

## Purpose

In support of business and property owners during the COVID-19 pandemic, the Recovery Grant Program is intended to reduce the financial burden on business and property owners who want to make modifications to private property because of the increased health and safety requirements related to the pandemic. This program is also available to assist with exterior property modifications to improve façades to increase

the visual attractiveness (“curb appeal”) and to fix or prevent damage related to vandalism. This program grants up to 100 percent of the total cost of the property modifications, up to a maximum of \$5,000 per *discrete building*.

Health, safety, and visual attractiveness improvements can make for a more welcoming space and create a more vibrant urban environment.

## Funding

Municipal Council has approved \$250,000 in total funding for the Recovery Grant Program.

The SoHo community improvement project area will initially receive \$45,000 in funding for the first submission window. The total amount of funding for the community improvement project area may increase or decrease depending on the number of applications received from all five eligible community improvement project areas.

Once the total funding is exhausted the Recovery Grant Program will conclude.

## Eligible Works

Eligible works that will be granted through the Recovery Grant Program include costs associated with the modification or installation of the following improvements:

- Exterior lighting
- Street-facing façade windows and/or façade door replacement
- Façade repair (for example, brick repointing, painting, tile replacement, or similar repairs)
- Decorative exterior façade gates
- Interior modifications to improve health and safety because of the COVID-19 pandemic (for example, physical barriers, plexiglass, or other property improvements to improve physical distancing)
- Interior modifications to refresh the property (for example, painting or flooring)
- *Emergency repairs* to secure a discrete building to damage resulting from vandalism when a permanent solution has also been identified
- Other work at the discretion of the City Planner or designates

If the property is located within a Heritage Conservation District and/or individually designated under Part IV of the *Ontario Heritage Act*, and the work requires a Heritage Alteration Permit, grants will only be issued through the Recovery Grant Program if a Heritage Alteration Permit is approved.

The following fees and work are not eligible to be granted through this program:

- Any fees related to obtaining a City of London Business Licence
- Any materials required for an application or licence
- Non-property related improvements, such as hiring of security guards or cleaning staff
- Appliances, cupboards, cabinets, fixtures, furniture, and similar items
- Insurance fees
- Other fees and work at the discretion of the City Planner or designates

## Eligibility Criteria

To be eligible for the SoHo Recovery Grant Program, the *applicant* must meet all conditions detailed in this program description.

### Applicant Considerations

- The *applicant* can be the registered owner of the property or an agent (including building tenant or contractor who has been retained to undertake improvements). If the applicant is not a registered owner of the subject property, the *applicant* will

If the work was previously approved under an existing loan *Commitment Letter* and the loan has not been issued yet, a Recovery Grant can still be issued, and its value will be deducted from the total amount of the loan

#### Building Considerations

- Separate applications must be submitted for each *discrete building* on a single property
- The property must contain an existing *discrete building* (occupied or unoccupied)
- Where the entirety of a multi-unit commercial building on one property, which contains separate units, are all under the same ownership, (or with condominium status) each commercial unit will be considered as one *discrete building* for the purpose of this grant program
- Where a building is within a contiguous group of buildings, a *discrete building* will be interpreted as any structure which is separated from other structures by a solid party wall and a distinct municipal address

## **General Grant Terms**

The City is not responsible for any costs incurred by an *applicant* in relation to the grant program, including without limitation, costs incurred in application of a grant.

## How to Read this Document

This document identifies the responsibility of each stakeholder in the Hamilton Road Area Recovery Grant Program.

**Applicant** indicates the person who is applying for the grant (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) is responsible for completing the task. **CL** indicates that a City of London staff member is responsible for that task.

The Recovery Grant Program is available to property owners, tenants, and business owners (or agent acting on behalf of the property owner, tenant, or business owner) who are eligible to make property modifications in the Hamilton Road Area Community Improvement Project Area – Hamilton Road Corridor (Map 1)

## Map 1 – Hamilton Road Area Community Improvement Project Area

## Definitions

Approved Work(s) – The materials, labour, and/or effort made to improve a property that has been determined to meet eligibility criteria under the incentive program requirements.

Applicant – The person (for example, the property owner, tenant, business owner, or agent acting on behalf of the property owner, tenant, or business owner) who applies for the Recovery Grant Program.

CL – City of London staff member.

Commitment Letter – A document prepared by the City of London outlining its commitment to a property owner to provide a future grant, based on a redevelopment, rehabilitation and/or renovation project that the applicant has yet to undertake. The letter describes the specific scope of *approved works* that the property owner will undertake to receive the grant and specifies the time length of the City's commitment.

Complete Application – Includes a completed application form for the Recovery Grant Program, and includes the following information:

- Name and address of the property owner, tenant, business owner (or agent acting on behalf of the property owner, tenant, or business owner)
- A letter from the property owner authorizing that the *applicant* (if different from the property owner) is permitted to make modifications to the building
- Confirmation that the address is within the Hamilton Road Area Community Improvement Project Area – Hamilton Road Corridor
- Complete drawings indicating the property modifications to be undertaken
- Itemized list of specific property modifications
- Two (2) comparable quotations by qualified contractors showing cost estimates for the proposed works which are required to be included in the incentive application. In general, the lower of the two estimates will be taken as the cost of the eligible works. Cost estimates should be consistent with the estimate noted on the accompanying Building Permit (if required). For *Emergency Repairs*, only one paid receipt/invoice is required
- Photographs of the *discrete building* being considered for improvements
- A cover letter that summarizes the property modifications to be completed and summarizes the provided quotations
- A signed copy of the Addendum including the Hold Harmless Agreement, General Liability Insurance, and Contractor qualifications
- A copy of the Building Permit (if required)
- A copy of the Heritage Alteration Permit (if required)
- Any other information that may be deemed necessary by the City Planner or designates

Discrete building – Means any permanent structure which is separated from other structures by a solid party wall and is used or intended to be used for the shelter, accommodation, or enclosure of persons. To be a *discrete building*, the structure will have a distinct municipal address.

Emergency Repairs – Means repairs completed on or after May 4, 2021, to immediately secure discrete building damage caused by vandalism, until the identified permanent solution indicated in the grant application is executed.

## Purpose

In support of business and property owners during the COVID-19 pandemic, the Recovery Grant Program is intended to reduce the financial burden on business and property owners who want to make modifications to private property because of the increased health and safety requirements related to the pandemic. This program is also available to assist with exterior property modifications to improve façades to increase

the visual attractiveness (“curb appeal”) and to fix or prevent damage related to vandalism. This program grants up to 100 percent of the total cost of the property modifications, up to a maximum of \$5,000 per *discrete building*.

Health, safety, and visual attractiveness improvements can make for a more welcoming space and create a more vibrant urban environment.

## Funding

Municipal Council has approved \$250,000 in total funding for the Recovery Grant Program.

The Hamilton Road Area community improvement project area will initially receive \$40,000 in funding for the first submission window. The total amount of funding for the community improvement project area may increase or decrease depending on the number of applications received from all five eligible community improvement project areas.

Once the total funding is exhausted the Recovery Grant Program will conclude.

## Eligible Works

Eligible works that will be granted through the Recovery Grant Program include costs associated with the modification or installation of the following improvements:

- Exterior lighting
- Street-facing façade windows and/or façade door replacement
- Façade repair (for example, brick repointing, painting, tile replacement, or similar repairs)
- Decorative exterior façade gates
- Interior modifications to improve health and safety because of the COVID-19 pandemic (for example, physical barriers, plexiglass, or other property improvements to improve physical distancing)
- Interior modifications to refresh the property (for example, painting or flooring)
- *Emergency repairs* to secure a discrete building to damage resulting from vandalism when a permanent solution has also been identified
- Other work at the discretion of the City Planner or designates

If the property is located within a Heritage Conservation District and/or individually designated under Part IV of the *Ontario Heritage Act*, and the work requires a Heritage Alteration Permit, grants will only be issued through the Recovery Grant Program if a Heritage Alteration Permit is approved.

The following fees and work are not eligible to be granted through this program:

- Any fees related to obtaining a City of London Business Licence
- Any materials required for an application or licence
- Non-property related improvements, such as hiring of security guards or cleaning staff
- Appliances, cupboards, cabinets, fixtures, furniture, and similar items
- Insurance fees
- Other fees and work at the discretion of the City Planner or designates

## Eligibility Criteria

To be eligible for the Hamilton Road Area Recovery Grant Program, the *applicant* must meet all conditions detailed in this program description.

### Applicant Considerations

- The *applicant* can be the registered owner of the property or an agent (including building tenant or contractor who has been retained to undertake improvements).

If the applicant is not a registered owner of the subject property, the *applicant* will be required to provide authorization in writing from the registered owner as part of a *complete application*

- The *applicant* must not have ever defaulted on any City loan or grant program, including by way of individual affiliation with any company or group of people authorized to act as a single entity such as a corporation
- The Recovery Grant Program will not apply retroactively to work completed prior to the approval of the *complete application* by the City Planner or designates unless (1) for *emergency repairs* as defined, or (2) the approved work is part of an existing approved Upgrade to Building Code Loan application or Façade Improvement Loan application. If the work was previously approved under an existing loan *Commitment Letter* and the loan has not been issued yet, a Recovery Grant can still be issued, and its value will be deducted from the total amount of the loan

#### Property Considerations

- The property must be located within the Hamilton Road Area Community Improvement Project Area – Hamilton Road Corridor as defined in Hamilton Road Area Community Improvement Area By-law (see Map 1)
- There are not any City of London Building Division orders or deficiencies relating to the subject property at the time the grant is issued
- The works applied for under the Recovery Grant Program shall not include any costs for which grants, or loans have been issued under any other City of London Community Improvement Plan financial incentive program
- Each property is eligible to avail simultaneously of multiple incentive programs provided through the other City of London Community Improvement Plans, where eligible

#### Building Considerations

- Separate applications must be submitted for each *discrete building* on a single property
- The property must contain an existing *discrete building* (occupied or unoccupied)
- Where the entirety of a multi-unit commercial building on one property, which contains separate units, are all under the same ownership, (or with condominium status) each commercial unit will be considered as one *discrete building* for the purpose of this grant program
- Where a building is within a contiguous group of buildings, a *discrete building* will be interpreted as any structure which is separated from other structures by a solid party wall and a distinct municipal address
- Each *discrete building* on each property is eligible for the Recovery Grant Program

### **General Grant Terms**

Application can be made to the program during the funding application window(s) as determined and advertised by the City.

The City is not responsible for any costs incurred by an *applicant* in relation to the grant program, including without limitation, costs incurred in application of a grant.

If the *applicant* is in default of any of the general or program specific requirements, or any other requirements of the City of London, the approved grant may be delayed, reduced, or canceled, and the *applicant* may be required to repay part or all the approved grants.

All the *approved works* under the incentive program must comply with all applicable Provincial regulations and City guidelines, by-laws, policies, procedures, and standards.

If applied for and approved, all *approved works* completed must comply with the description of the works as provided in the Recovery Grant application form and

detailed in the City's *Commitment Letter*, with any amendments as approved by the City of London.

This grant does not imply that processes for permits are invalid or unnecessary.

## Grant Amount

The property improvements undertaken will be paid back to the *applicant* in the form of a one-time grant to cover 100 percent (100%) of the eligible property modification costs (the *approved works*), up to a maximum of \$5,000.

## Grant Distribution

The City will provide the *applicant* with one cheque in the full amount of the approved grant after: (1) the City has completed its due diligence to ensure the *applicant* and property remain eligible for the grant. This includes the *applicant* providing proof that the *approved work* has been paid for in full. (2) City staff has reviewed the completed *approved work* to ensure they have been completed as approved, and (3) the Grant Agreement has been signed.

**The City will not provide partial grant amounts or progress payments.**

## Grant Agreement

The City requires the *applicant* to enter into a Grant Agreement. The City Planner or designate has the authority to execute the Grant Agreement on behalf of the City.

## Transferable Grants

If a participating property is sold, in whole or in part, before the grant is issued, the *applicant* and/or the subsequent property owner is not entitled to the outstanding grant (on either the portion sold or retained by the *applicant*). The City may, entirely at its own discretion, enter into a new agreement with any subsequent owners of the property to receive the outstanding grant under this program.

## Application Process

### Expression of Interest

**Applicant** – It is suggested to contact City of London staff and/or Hamilton Road BIA staff prior to making an application to the Recovery Grant Program.

### Consultation Phase

**Applicant** – The *applicant* contacts the City of London and/or Hamilton Road BIA, who, if necessary, will arrange a meeting to share ideas for the proposed project, information about incentive programs, provide application form(s) and assist with the application process. This meeting will also help to identify what permits or permissions may be required to complete the proposed improvements. Consultation with an Urban Designer and/or Heritage Planner may be necessary. Where possible, the City will make appropriate staff available for this meeting, which is usually on site at the property where the proposed work is planned.

Applications made for financial incentive programs do not in any way replace the need for obtaining any necessary approvals. Prior to undertaking building improvements, the *applicant* is required to obtain any necessary approvals and/or permits. Heritage Alteration Permits (for properties requiring them) will be required before financial incentive applications are accepted.

Service London staff are also available to help with clarifying/applying for applicable permits.

Discussions with City staff are encouraged early in the conceptual phase to ensure proposed improvements comply with City regulations and guidelines, and the proposed improvements are eligible under the incentive program.

Prior to property modifications beginning, the *applicant* must contact Planning and Economic Development to complete the application process.

## Application Phase

**Applicant** – A *complete application* (see Definitions) for the grant program is submitted to the City of London during the initial submission window as advertised. Applications will be reviewed in the order they are received. Applications will be prioritized across all five eligible community improvement project areas to ensure equitable distribution of the Recovery Grant funding. As a result, some applications may be placed on a waitlist.

**CL / Applicant** – City of London staff will review the application for completeness and inform the *applicant* in writing that either, more information is required, or the application is accepted. If accepted, the City will provide a *Commitment Letter* which outlines the *approved works*, related costs, and monetary commitment that the City is making to the project. The City's commitment is valid for six months from the date of issuance of the *Commitment Letter* unless the approved work relates to façade improvements for a property in a stretch of road under construction. In that case, the commitment is valid for one year from the date of issuance of the *Commitment Letter*. The City's commitment applies only to the project as submitted and approved (i.e., the *approved works*).

Six months after the initial submission window has closed, City staff will review to see if any existing grant commitments have lapsed, review the waitlist to determine if additional grants can be released, and/or if a new application window should be opened. At this point, City staff may redistribute funding to one or more community improvement project areas if they are experiencing a large volume of applications.

**Applicant** – Any subsequent changes to the project will require review and approval by the City.

**CL** – City staff may visit the subject property and take photographs, both before and after the subject work is completed or ask the *applicant* to provide photos as part of a *complete application*.

## Property Modification Phase

**Applicant** – Having obtained all necessary approvals and/or permits and receiving a *Commitment Letter* from the City for the *approved works* the *applicant* may start to undertake eligible property modifications.

## Confirmation Phase

**Applicant** – The *applicant* will notify the City in writing (via letter or email) once the project is complete and the costs respecting those works are paid. Confirmation that related building permits are closed, if applicable, is also required so that the City may begin drafting an agreement.

**CL** – Before setting up any agreement, City staff must ensure the property modifications, as described in the *Commitment Letter*, are completed and other criteria, as set out in the program guidelines, have been met. This includes ensuring:

- Related costs, or bills respecting the *approved works* are paid in full
- Related building permits are closed (if necessary)
- Compliance with the Heritage Alteration Permit (if necessary)
- The property owner has not previously defaulted on any City loans or grants, and,
- There are no outstanding Building Division orders or deficiencies against the subject property related to the property modifications made

## Agreement Phase

**CL** – Once the eligible works are verified, City staff will draft the grant agreement and provide a draft copy of the grant agreement to the *applicant* for review.

**Applicant / CL** – After the *applicant* has approved the grant agreement, City staff will prepare two hard copies of the grant agreement to be signed.

**CL** – When all the documentation is ready, City staff will contact the *applicant* to arrange for a meeting to sign the documents. One original signed copy is kept by the *applicant* and one is retained by the City.

**CL** – Once the grant agreement has been signed, City staff will request the grant cheque. The grant cheque is mailed to the *applicant* or picked up by the *applicant* at a City of London office.

## Grant Approval

Once all eligibility criteria and conditions are met, and if funds are still available in the supporting Reserve Fund / account, the City Planner (or designates) will approve the grant application. Approval by means of a letter to the applicant will represent a commitment by the City of London (the *Commitment Letter*).

The City will track grant commitments and grants issued to ensure no more than the maximum funding of \$250,000 is issued across all community improvement project areas.

As a condition of approval, the *applicant* shall be required to enter into a Grant Agreement with the City prior to receiving the grant.

## Additional Rehabilitation and Demolition

Additional work to the interior of the building can be undertaken subject to obtaining a building and/or heritage alteration permit, when required. The grant does not impose any specific restrictions on demolition.

## Inspection of Complete Works

City staff will review the completed *approved works* to ensure they have been completed as approved. This is not a building permit inspection and does not replace the need for a building permit.

## Grant Application Refusal and Appeal

If an application is refused, the *applicant* may, in writing, appeal the decision of the City Planner to the City Clerk's Office who will provide direction to the matter heard before Municipal Council through the Planning and Environment Committee.

## Relationship to other Financial Incentive Programs

An *applicant* may also qualify for financial assistance under the City of London's other financial incentives programs. *Applicants* are advised to check with Planning and Economic Development.

## Monitoring & Discontinuation

As part of the program administration, Planning and Economic Development will monitor the Hamilton Road Area Community Improvement Plan financial incentive programs. In receiving and processing applications staff will enter relevant information into a Monitoring Database. This information will be included in any Incentive Monitoring Reports which will be prepared to determine if programs should continue, be modified,

or cease. This program is monitored to ensure it implements the goals and objectives of *The London Plan* and the Hamilton Road Area Community Improvement Plan.

Municipal Council may discontinue the Recovery Grant Program at any time prior to the funding being exhausted.

The grant program's success in implementing the Hamilton Road Area Community Improvement Plan's goals will be based on the ongoing monitoring as noted in the Program Monitoring Data section.

## **Program Monitoring Data**

The following information will be collected to monitor the Hamilton Road Area Recovery Grant Program. These measures are to be flexible allowing for the addition of new measures that better indicate if the goals and objectives of the Hamilton Road Area Community Improvement Plan have been met:

- Number of Recovery Grant applications
- Public to private return on investment for façade improvements
- Public to private return on investment for interior improvements

- Complete drawings indicating the property modifications to be undertaken
- Itemized list of specific property modifications
- Two (2) comparable quotations by qualified contractors showing cost estimates for the proposed works which are required to be included in the incentive application. In general, the lower of the two estimates will be taken as the cost of the eligible works. Cost estimates should be consistent with the estimate noted on the accompanying Building Permit (if required). For *Emergency Repairs*, only one paid receipt/invoice is required
- Photographs of the *discrete building* being considered for improvements
- A cover letter that summarizes the property modifications to be completed and summarizes the provided quotations
- A signed copy of the Addendum including the Hold Harmless Agreement, General Liability Insurance, and Contractor qualifications
- A copy of the Building Permit (if required)
- A copy of the Heritage Alteration Permit (if required)
- Any other information that may be deemed necessary by the City Planner or designates

Discrete building – Means any permanent structure which is separated from other structures by a solid party wall and is used or intended to be used for the shelter, accommodation, or enclosure of persons. To be a *discrete building*, the structure will have a distinct municipal address.

Emergency Repairs – Means repairs completed on or after May 4, 2021, to immediately secure discrete building damage caused by vandalism, until the identified permanent solution indicated in the grant application is executed.

## Purpose

In support of business and property owners during the COVID-19 pandemic, the Recovery Grant Program is intended to reduce the financial burden on business and property owners who want to make modifications to private property because of the increased health and safety requirements related to the pandemic. This program is also available to assist with exterior property modifications to improve façades to increase

the visual attractiveness (“curb appeal”) and to fix or prevent damage related to vandalism. This program grants up to 100 percent of the total cost of the property modifications, up to a maximum of \$5,000 per *discrete building*.

Health, safety, and visual attractiveness improvements can make for a more welcoming space and create a more vibrant urban environment.

## Funding

Municipal Council has approved \$250,000 in total funding for the Recovery Grant Program.

The Lambeth Area community improvement project area will initially receive \$45,000 in funding for the first submission window. The total amount of funding for the community improvement project area may increase or decrease depending on the number of applications received from all five eligible community improvement project areas.

Once the total funding is exhausted the Recovery Grant Program will conclude.

## Eligible Works

Eligible works that will be granted through the Recovery Grant Program include costs associated with the modification or installation of the following improvements:

- Exterior lighting
- Street-facing façade windows and/or façade door replacement
- Façade repair (for example, brick repointing, painting, tile replacement, or similar repairs)
- Decorative exterior façade gates
- Interior modifications to improve health and safety because of the COVID-19 pandemic (for example, physical barriers, plexiglass, or other property improvements to improve physical distancing)
- Interior modifications to refresh the property (for example, painting or flooring)
- *Emergency repairs* to secure a discrete building to damage resulting from vandalism when a permanent solution has also been identified
- Other work at the discretion of the City Planner or designates

If the property is located within a Heritage Conservation District and/or individually designated under Part IV of the *Ontario Heritage Act*, and the work requires a Heritage Alteration Permit, grants will only be issued through the Recovery Grant Program if a Heritage Alteration Permit is approved.

The following fees and work are not eligible to be granted through this program:

- Any fees related to obtaining a City of London Business Licence
- Any materials required for an application or licence
- Non-property related improvements, such as hiring of security guards or cleaning staff
- Appliances, cupboards, cabinets, fixtures, furniture, and similar items
- Insurance fees
- Other fees and work at the discretion of the City Planner or designates

## Eligibility Criteria

To be eligible for the Lambeth Area Recovery Grant Program, the *applicant* must meet all conditions detailed in this program description.

### Applicant Considerations

- The *applicant* can be the registered owner of the property or an agent (including building tenant or contractor who has been retained to undertake improvements). If the applicant is not a registered owner of the subject property, the *applicant* will

be required to provide authorization in writing from the registered owner as part of a *complete application*

- The *applicant* must not have ever defaulted on any City loan or grant program, including by way of individual affiliation with any company or group of people authorized to act as a single entity such as a corporation
- The Recovery Grant Program will not apply retroactively to work completed prior to the approval of the *complete application* by the City Planner or designates unless (1) for *emergency repairs* as defined, or (2) the approved work is part of an existing approved Upgrade to Building Code Loan application or Façade Improvement Loan application. If the work was previously approved under an existing loan *Commitment Letter* and the loan has not been issued yet, a Recovery Grant can still be issued, and its value will be deducted from the total amount of the loan

#### Property Considerations

- The property must be located within the Lambeth Area Community Improvement Project Area – Wharncliffe Road Corridor or Lambeth Village Core as defined in Lambeth Area Community Improvement Area By-law (see Map 1)
- There are not any City of London Building Division orders or deficiencies relating to the subject property at the time the grant is issued
- The works applied for under the Recovery Grant Program shall not include any costs for which grants, or loans have been issued under any other City of London Community Improvement Plan financial incentive program
- Each property is eligible to avail simultaneously of multiple incentive programs provided through the other City of London Community Improvement Plans, where eligible

#### Building Considerations

- Separate applications must be submitted for each *discrete building* on a single property
- The property must contain an existing *discrete building* (occupied or unoccupied)
- Where the entirety of a multi-unit commercial building on one property, which contains separate units, are all under the same ownership, (or with condominium status) each commercial unit will be considered as one *discrete building* for the purpose of this grant program
- Where a building is within a contiguous group of buildings, a *discrete building* will be interpreted as any structure which is separated from other structures by a solid party wall and a distinct municipal address
- Each *discrete building* on each property is eligible for the Recovery Grant Program

## **General Grant Terms**

Application can be made to the program during the funding application window(s) as determined and advertised by the City.

The City is not responsible for any costs incurred by an *applicant* in relation to the grant program, including without limitation, costs incurred in application of a grant.

If the *applicant* is in default of any of the general or program specific requirements, or any other requirements of the City of London, the approved grant may be delayed, reduced, or canceled, and the *applicant* may be required to repay part or all the approved grants.

All the *approved works* under the incentive program must comply with all applicable Provincial regulations and City guidelines, by-laws, policies, procedures, and standards.

If applied for and approved, all *approved works* completed must comply with the description of the works as provided in the Recovery Grant application form and detailed in the City's *Commitment Letter*, with any amendments as approved by the City of London.

This grant does not imply that processes for permits are invalid or unnecessary.

## Grant Amount

The property improvements undertaken will be paid back to the *applicant* in the form of a one-time grant to cover 100 percent (100%) of the eligible property modification costs (the *approved works*), up to a maximum of \$5,000.

## Grant Distribution

The City will provide the *applicant* with one cheque in the full amount of the approved grant after: (1) the City has completed its due diligence to ensure the *applicant* and property remain eligible for the grant. This includes the *applicant* providing proof that the *approved work* has been paid for in full. (2) City staff has reviewed the completed *approved work* to ensure they have been completed as approved, and (3) the Grant Agreement has been signed.

**The City will not provide partial grant amounts or progress payments.**

## Grant Agreement

The City requires the *applicant* to enter into a Grant Agreement. The City Planner or designate has the authority to execute the Grant Agreement on behalf of the City.

## Transferable Grants

If a participating property is sold, in whole or in part, before the grant is issued, the *applicant* and/or the subsequent property owner is not entitled to the outstanding grant (on either the portion sold or retained by the *applicant*). The City may, entirely at its own discretion, enter into a new agreement with any subsequent owners of the property to receive the outstanding grant under this program.

## Application Process

### Expression of Interest

**Applicant** – It is suggested to contact City of London staff prior to making an application to the Recovery Grant Program.

### Consultation Phase

**Applicant** – The *applicant* contacts the City of London, who, if necessary, will arrange a meeting to share ideas for the proposed project, information about incentive programs, provide application form(s) and assist with the application process. This meeting will also help to identify what permits or permissions may be required to complete the proposed improvements. Consultation with an Urban Designer and/or Heritage Planner may be necessary. Where possible, the City will make appropriate staff available for this meeting, which is usually on site at the property where the proposed work is planned.

Applications made for financial incentive programs do not in any way replace the need for obtaining any necessary approvals. Prior to undertaking building improvements, the *applicant* is required to obtain any necessary approvals and/or permits. Heritage Alteration Permits (for properties requiring them) will be required before financial incentive applications are accepted.

Service London staff are also available to help with clarifying/applying for applicable permits.

Discussions with City staff are encouraged early in the conceptual phase to ensure proposed improvements comply with City regulations and guidelines, and the proposed improvements are eligible under the incentive program.

Prior to property modifications beginning, the *applicant* must contact Planning and Economic Development to complete the application process.

## Application Phase

**Applicant** – A *complete application* (see Definitions) for the grant program is submitted to the City of London during the initial submission window as advertised. Applications will be reviewed in the order they are received. Applications will be prioritized across all five eligible community improvement project areas to ensure equitable distribution of the Recovery Grant funding. As a result, some applications may be placed on a waitlist.

**CL / Applicant** – City of London staff will review the application for completeness and inform the *applicant* in writing that either, more information is required, or the application is accepted. If accepted, the City will provide a *Commitment Letter* which outlines the *approved works*, related costs, and monetary commitment that the City is making to the project. The City's commitment is valid for six months from the date of issuance of the *Commitment Letter* unless the approved work relates to façade improvements for a property in a stretch of road under construction. In that case, the commitment is valid for one year from the date of issuance of the *Commitment Letter*. The City's commitment applies only to the project as submitted and approved (i.e., the *approved works*).

Six months after the initial submission window has closed, City staff will review to see if any existing grant commitments have lapsed, review the waitlist to determine if additional grants can be released, and/or if a new application window should be opened. At this point, City staff may redistribute funding to one or more community improvement project areas if they are experiencing a large volume of applications.

**Applicant** – Any subsequent changes to the project will require review and approval by the City.

**CL** – City staff may visit the subject property and take photographs, both before and after the subject work is completed or ask the *applicant* to provide photos as part of a *complete application*.

## Property Modification Phase

**Applicant** – Having obtained all necessary approvals and/or permits and receiving a *Commitment Letter* from the City for the *approved works* the *applicant* may start to undertake eligible property modifications.

## Confirmation Phase

**Applicant** – The *applicant* will notify the City in writing (via letter or email) once the project is complete and the costs respecting those works are paid. Confirmation that related building permits are closed, if applicable, is also required so that the City may begin drafting an agreement.

**CL** – Before setting up any agreement, City staff must ensure the property modifications, as described in the *Commitment Letter*, are completed and other criteria, as set out in the program guidelines, have been met. This includes ensuring:

- Related costs, or bills respecting the *approved works* are paid in full
- Related building permits are closed (if necessary)
- Compliance with the Heritage Alteration Permit (if necessary)
- The property owner has not previously defaulted on any City loans or grants, and,
- There are no outstanding Building Division orders or deficiencies against the subject property related to the property modifications made

## Agreement Phase

**CL** – Once the eligible works are verified, City staff will draft the grant agreement and provide a draft copy of the grant agreement to the *applicant* for review.

**Applicant / CL** – After the *applicant* has approved the grant agreement, City staff will prepare two hard copies of the grant agreement to be signed.

**CL** – When all the documentation is ready, City staff will contact the *applicant* to arrange for a meeting to sign the documents. One original signed copy is kept by the *applicant* and one is retained by the City.

**CL** – Once the grant agreement has been signed, City staff will request the grant cheque. The grant cheque is mailed to the *applicant* or picked up by the *applicant* at a City of London office.

## Grant Approval

Once all eligibility criteria and conditions are met, and if funds are still available in the supporting Reserve Fund / account, the City Planner (or designates) will approve the grant application. Approval by means of a letter to the applicant will represent a commitment by the City of London (the *Commitment Letter*).

The City will track grant commitments and grants issued to ensure no more than the maximum funding of \$250,000 is issued across all community improvement project areas.

As a condition of approval, the *applicant* shall be required to enter into a Grant Agreement with the City prior to receiving the grant.

## Additional Rehabilitation and Demolition

Additional work to the interior of the building can be undertaken subject to obtaining a building and/or heritage alteration permit, when required. The grant does not impose any specific restrictions on demolition.

## Inspection of Complete Works

City staff will review the completed *approved works* to ensure they have been completed as approved. This is not a building permit inspection and does not replace the need for a building permit.

## Grant Application Refusal and Appeal

If an application is refused, the *applicant* may, in writing, appeal the decision of the City Planner to the City Clerk's Office who will provide direction to the matter heard before Municipal Council through the Planning and Environment Committee.

## Relationship to other Financial Incentive Programs

An *applicant* may also qualify for financial assistance under the City of London's other financial incentives programs. *Applicants* are advised to check with Planning and Economic Development.

## Monitoring & Discontinuation

As part of the program administration, Planning and Economic Development will monitor the Lambeth Area Community Improvement Plan financial incentive programs. In receiving and processing applications staff will enter relevant information into a Monitoring Database. This information will be included in any Incentive Monitoring Reports which will be prepared to determine if programs should continue, be modified,

or cease. This program is monitored to ensure it implements the goals and objectives of *The London Plan* and the Lambeth Area Community Improvement Plan.

Municipal Council may discontinue the Recovery Grant Program at any time prior to the funding being exhausted.

The grant program's success in implementing the Lambeth Area Community Improvement Plan's goals will be based on the ongoing monitoring as noted in the Program Monitoring Data section.

## **Program Monitoring Data**

The following information will be collected to monitor the Lambeth Area Recovery Grant Program. These measures are to be flexible allowing for the addition of new measures that better indicate if the goals and objectives of the Lambeth Area Community Improvement Plan have been met:

- Number of Recovery Grant applications
- Public to private return on investment for façade improvements
- Public to private return on investment for interior improvements
