**RE: City of London – Municipal Class Environmental Assessment  
For Victoria Street Pumping Station**

Please find attached a Notice of Study Completion for the above noted project. This study was being carried out in accordance with the requirements of the Environmental Assessment Act, as a Schedule B Municipal Class Environmental Assessment. All notices related to this project can be found on the City of London's website at the following link:

[Victoria Street sewage pumping station environmental assessment | Get Involved London](#)

As the Victoria Street Pumping Station is at the end of its useful life, the purpose of the current study was to evaluate the replacement, relocation, and/or the elimination of the Victoria Street Pumping Station.

Written comments regarding this project must be sent to our project team by June 8, 2021. All comments and concerns should be sent directly to Brian Calhoun at the City of London (see attached for contact information).

Yours truly,

**MTE Consultants Inc.**

# Victoria Street Sewage Pumping Station Class Environmental Assessment

PUBLIC NOTICE

May 2021

## Project

The City of London is concluding the Victoria Street Sewage Pumping Station Class Environmental Assessment (EA). The purpose of this Class EA was to evaluate a range of potential alternatives for the existing Victoria Street Sewage Pumping Station, located at 47 Victoria Street, which is reaching the end of its life and requires renewal or replacement.

## Process

The Class EA study was undertaken in accordance with the Ontario Environmental Assessment Act and has covered all necessary phases of Schedule 'B' of the Municipal Class EA Process. The Schedule 'B' process includes the definition of a problem or opportunity, as well as the identification and evaluation of potential alternative solutions. At this time, a Project File Report has been completed to conclude the Schedule 'B' Municipal Class EA process to recommend the preferred solution for the Victoria Street Sewage Pumping Station. The Project File Report will be available online for review:

<https://getinvolved.london.ca/victoriastreet>

Interested persons may provide written comments to our project team by June 8, 2021. All comments and concerns should be sent directly to Brian Calhoun at the City of London.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name.

Requests should specify what kind of order is being requested (request for conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy potential adverse impacts on Aboriginal and treaty rights, and any information in support of the statements in the request. This will ensure that the ministry is able to efficiently begin reviewing the request.

**Victoria Sewage Pumping Station Class  
Environmental Assessment**

- Study Area
- Existing location of pumping station
- Preferred pumping station location

The request should be sent in writing or by email to:

Minister of the Environment, Conservation and Parks  
Ministry of Environment, Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto ON M7A 2J3  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

and

Director, Environmental Assessment Branch  
Ministry of Environment, Conservation and Parks  
135 St. Clair Ave. W, 1st Floor  
Toronto ON, M4V 1P5  
[EABDirector@ontario.ca](mailto:EABDirector@ontario.ca)

Requests should also be copied to the Brian Calhoun by mail or by e-mail. Please visit the ministry's website for more information on requests for orders under section 16 of the Environmental Assessment Act at:  
<https://www.ontario.ca/page/class-environmentalassessments-part-ii-order>

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the Environmental Assessment Act and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.

## Your feedback is important to us
