Subject: [EXTERNAL] 325 Victoria Street

To whom it may concern

I support the request of the owners' of 325 Victoria St. to remove the existing garage. The garage at 325 Victoria St. is not an important nor noticeable part of the neighbourhood. I think renovation plans for 325 Victoria St. (including the removal of the existing garage) will enhance the streetscape of the neighbourhood.

It is very obvious when you go by the property there is a need for this renovation. It is important to keep the our homes in good condition. I appreciate their enthusiasm to want to preserve this home.
