126 Price Street
Meeting May 31, 2021
- Demolition of Dwelling

- I live at 145 Price Street, in a home that used to be a funeral home, on Price Street there was also the post office. myself William Rohrer and Christine Scott did contact the Relator woman that owned the home before Levy, she was to let ~~us~~ ^{Christine} know what she was going to do with the home after furnace and asbestos was removed. Never did then we learned Levy had purchased it, we were interested in it just the way it was no insulation it was just a shell. We wanted to purchase it and restore to original. As this is a heritage area. Christine owns a home at 97 Smith Street which is marked heritage. Instead of giving us a price 80 thousand \$ over what he had just bought 2 weeks

prier. felt he was being very greedy. The tree in front of 126 Price Street is a heritage tree. I feel he got in to deep with renovations who takes original bricks off home. So we vote NO for Demolition.

Just so you know NOT Even half the people on price street did not receive the Request for Demolition.

Thank - you
William Rohrer
