

To whom it may concern,

April 16,2013

I Stanley Richard Topilko, owner and resident of 4563 White Oaks road, London, Ontario, N6E 3Y9 would like my above said property included in the Urban growth boundary.

I am a strong supporter for my community and the future growth of London, Ontario. I feel that my property of approximately 89 acres would be extremely beneficial to the city of London for future growth and development in the south area. My property is one of the last undeveloped properties with highway exposure that is not covered in flood plain. My property has a total of two access points being at White Oaks road and at Dingman road. City water runs along upside my property along White Oaks road and Sewers run up Dingman road along the other side of my property. I feel that my property has very strong features and potential that would make my property great for future development with the highway exposure and also the water and sewer services already present at my property.

Thank you for considering my property to be added into the Urban Growth Boundary. I feel my property has a lot to offer the city of London and will be less of a cost to develop to future developers because of the services that already run along the sides of my property.

Sincerely ,

A handwritten signature in cursive script that reads "Stan Topilko". The signature is written in black ink and is positioned above the printed name.

Stanley Topilko

4563 White Oaks Road, London, Ontario, N6E 3Y9
