

Updates:

1) Update on the Bicycle Registration program from LPS.

In April meeting, London Police shared its initiative regarding the bicycle registration to minimise/eliminate bicycle theft incidents in the city. Members of the Committee were encouraged to share this plan with the citizenry. Accordingly, the community sharing plan request from the LPS representative has been a success, so far registration info has been shared and well received by following community groups.

We are working to reach out to each & every community organization in London.

1	Carling Heights crime watch
2	East London community WATCH
