

## Resolutions:

### 1) **Continuity of Community Safety & Crime prevention advisory committee.**

In report #6 from the City Clerk to the Council, the Community Safety & Crime prevention advisory committee has been eliminated. In the backdrop of Sunday June 6 tragedy, the effective presence of the community CS & CP Advisory committee is much more important than ever. CS & CP Advisory committee may act as an unified gateway between London communities and the Council and may also act as shock absorber for the communities.

a) that the CS & CP Advisory committee may not be abolished rather be further strengthened.

b) that the CS & CP Advisory committee will provide its feedback & recommendation about the Advisory Committees review in the August 2021 meeting.

**2) Advisory Committee Review:**

A workgroup named Advisory Committee Review Working Group ( ACR-WG) may be constituted to provide comprehensive feedback to the Governance committee through the City Clerk.
