DRAFT

Appendix A – Risk Management Policy

– Insurance coverage for personal vehicles used for City Business

PURPOSE

From time to time, it is necessary for City staff to use a personal vehicle on City business. This policy establishes the requirements of City employees, who receive travel expense reimbursement, are aware of expectations and insurance requirements when using a personal vehicle while on City business.

POLICY**1.0 Automobile Liability Insurance Coverage**

The Ontario Insurance Act directs that automobile passengers injured during a no fault accident will file the claim with his/her own insurance company. If he/she does not hold a policy, he/she will then file a claim against the policy of his/her spouse or parent(s) or guardian(s). When a passenger has no access to any other insurance policy they may have a claim made against the insurance policy covering the vehicle that they were a passenger in.

- 1.1** The City purchases “Non-Owned Automobile Liability” insurance. This provides coverage for legal liability arising out of automobile accidents while an employee is using their vehicle for City business. (It does not provide insurance for vehicles operated by employees under contract for snow ploughing.)

Non-Owned Auto protects the City against claims arising out of the use by employees of their own personal vehicles. It does not protect the owner of the vehicle who must by law carry owner's insurance. If the owner's policy does not cover part or all of, a claim when a vehicle is operated on behalf of the City, this 'non-owned' policy provides insurance to the City.

- 2.0** Employees who transport use their vehicles on City business must maintain a minimum of \$1,000,000.00 automobile liability and statutory accident benefits insurance coverage as required under the Ontario Insurance Act.

2.1 Injury/Incident Reporting Procedures

- 2.1** Employees will report all automobile accidents that occur while on City business to his/her Director/Manager as soon as possible.
- 2.2** The Director/Manager will inform Human Resources of injuries involving City employees and Risk Management of injuries to non-employees. The Director/Manager will also complete the appropriate WSIB and Automobile Accident report forms as appropriate.

Appendix B – Excerpt from the Risk Management Manual**2.3.2 INSURANCE ON RENTED VEHICLES GUIDELINES**

When vehicles are rented for business purposes they *must be rented in employer's name* in order that the blanket auto insurance policy provides coverage. This is because the *renter's own insurance policy* responds first to claims by injured claimants. Employees who rent vehicles in their own name become contractually responsible for meeting the terms of the contract, including any loss or damage of the vehicle. For example, when an accident arises out of the use or operation of a leased or rented vehicle the priority of those responsible for costs is:

1. The renter's own automobile insurance policy,
2. Next is the policy of the driver of the vehicle, (for example, if you rented a vehicle but let a friend drive it), and
3. The policy of the vehicle owner (the rental company).

This process of insurer responsibility for claims is relatively new. There has been virtually no testing of the system in the courts. As a result, it will be some time before we can determine how this system will work in practice.

PHYSICAL DAMAGE TO RENTED VEHICLES

It is sound risk management practice to self-insure risks in circumstances where the probability of loss is less than the cost of purchasing insurance. The Collision Damage Waiver (CDW) on short-term vehicle rental contracts should be declined. Rental car agencies normally charge in between \$10.00 and \$20.00 per day in addition to the daily rental charge. This cost, relative to the risk involved, is considered to be excessive. In the case of the City and insured Boards, it is not necessary to purchase insurance for physical damage to the vehicles rented when the vehicles rented are valued at less than \$100,000.00.

RESTRICTIONS ON USE

Rental agreements all contain restrictions on certain uses and drivers that, if violated, may affect any insurance coverage and make the renter fully responsible for any loss. Renters should pay particular attention to the following typical rental agency restrictions:

- no driver under age 21
- no driver under the influence of alcohol or drugs
- no use inconsistent with normal business travel (see detailed list in rental agreement)

PERSONAL USE OF RENTAL AUTOS

These guidelines and procedures apply only to vehicles rented for use on the business of the City or insured Board. Some personal automobile insurers allow you to add coverage for rented vehicles to your own personal auto insurance policy for a nominal annual fee (approximately \$50.00). This allows individuals to decline the CDW and have collision coverage through your personal auto insurance policy. Interested employees should check with their insurance agent/broker.

REPORTING REQUIREMENTS

All accidents must be reported promptly to the rental agency, to the local police and to Risk Management. See Section 11.3 - Automobile Accident Report - Form No. 1005(rev.2003.11).
