Hi Heather,

In the the meeting I will speak about the following:

The 4 Pillars of Medical Ethics

1. Beneficence (doing good)
2. Non-Maleficence (to do no harm)
3. Autonomy (giving the patient freedom to choose freely, when able)
4. Justice (ensuring fairness)

I will go over all of these and compare them to the of mandating vaccine passports and masks

I will talk about the harm this is causing on our people's mental, physical and financial health

I will talk about the harm this is causing our children

I will talk about how taking away our freedom of choice is dangerous, illegal, immoral and unethical.

Thank you for your time,

If there is anything else you need from me please let me know.

Courtney Roddis
