Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Low Density Residential in the 1989 Official Plan, which primarily permits a range of low to mid-rise residential uses, with densities contemplated up to 75 units per hectare for infill and intensification proposals within Central London.

The subject lands are in the Neighbourhoods Place Type in *The London Plan* (Council-adopted but not in force and effect), permitting a range of low to mid-rise residential uses such as single detached, semi-detached, duplex, townhouse, triplex dwellings, small-scale community facilities and low-rise apartment buildings for a site with frontage along a Civic Boulevard at an intersection with a Neighbourhood Street. Commercial, high-rise residential or mixed-use buildings are permitted in other Place Types such as the Downtown or Corridors.
