

September 9, 2020

Dear Colleagues,

It is difficult to share information with the public from the last Governance Working Group when the agendas with staff reports, and minutes from the meetings, are not being posted on the city's website.

In the interest of transparency and public access, we are requesting your support for the following as an added item to SPPC in relation to the report from the Governance Working Group:

That the Civic Administration BE DIRECTED to post to the City Website the agendas and reports of the Governance Working Group; it being noted that these would be included on the "Advisory and Other Committee Meetings" page.

Sincerely,

Councillor Josh Morgan

Chair, Governance Working Group

Councillor Shawn Lewis

Vice-Chair, Governance Working Group
