Executive Summary

In April 2021, the City of London responded to a Request for Quotations from Immigration, Refugees and Citizenship Canada (IRCC) on behalf of the London & Middlesex Local Immigration Partnership (LMLIP) for Service Delivery Improvements: Developing Models of Community-based Plans for Settlement Service Delivery and Funding. In early August 2021, the City of London was notified that its application was successful. Negotiations with IRCC are now complete, and this report includes the Contribution agreement and proposed by-law.

Linkage to the Corporate Strategic Plan and the London Community Recovery Network

The proposed agreement between the Corporation of the City of London and Immigration, Refugees and Citizenship Canada is aligned with London's 2019-2023 Strategic Plan under the Strategic Area of Focus - Strengthening our Community with

the outcome: Londoners are engaged and have a sense of belonging in their neighbourhoods and community and the expected result: Increase the number who feel welcomed and included, and Strategy – Create inclusive engagement opportunities for Londoners.

As the London Community Recovery Network has noted, the pandemic has had a disproportionate impact on vulnerable and marginalized communities including Newcomers, Indigenous Peoples and Visible Minorities.

2.0 Discussion and Considerations

2.1 Purpose

The purpose of this report is to recommend approval to enter into a Funding Agreement with the Government of Canada for the London & Middlesex Local Immigration Partnership for \$536,018 for the period of December 13, 2021 to December 31, 2023.

2.2 Background

The London & Middlesex Local Immigration Partnership LMLIP is one of over 80 Local Immigration Partnerships across Canada, funded by Immigration, Refugees and Citizenship Canada since 2009. The LMLIP is a collaborative community initiative designed to strengthen the role of local and regional communities in serving and integrating immigrants. LMLIP is co-chaired by an individual appointed by the City of London and a community volunteer, and it takes an active strategic community approach which has resulted in successful outcomes for immigrants in our community.

On March 2, 2020, Council approved a five-year Contribution Agreement with Immigration, Refugees and Citizenship Canada for the operations and activities of the LMLIP.

On April 23, 2021, the City of London, responded to a Request for Quotations for Service Delivery Improvements, and was recently informed that the application was successful. Only a select number of Local Immigration Partnerships and Réseaux en immigration francophone (the French equivalent of the LIPs) were invited to apply for this RFQ, based on their capacity, experience, and skills. Negotiations with IRCC are now complete and this report provides the documentation for the approval of the Contribution Agreement. The initiative will be fully funded by IRCC for a total value of \$536,018 over three fiscal years.

2.3 Overview of the Project

The objective of the project is the development of a model that uses an integrated whole-of-community approach to settlement service delivery and funding. The project focuses on designing and developing a community-based plan that incorporates a local approach to direct and indirect service delivery and funding best suited to the needs of and requirements of our community. The project includes an environmental scan, a series of community consultations, and design of a locally based community plan. The goal is to develop a model for community planning that is responsive to newcomers' needs and promotes a welcoming community. Note, the intent is not to implement a community-based plan, provide any direct services to newcomers, or redirect funding to or from ongoing Settlement programs.

The work will be conducted over three fiscal years through the following structure: community-based advisory panel, an LMLIP Planning Work Group consisting of members chosen by Central Council, and a consulting company which would conduct the environmental scan, organize, and host consultations, and create the model with input from the community.

2.4 Indemnification

The City Solicitors Office and Risk Management have reviewed the content of the Contribution Agreement with Immigration, Refugees and Citizenship Canada.

Risk Management has identified the indemnity provision:

Clause 9.2 Indemnification: "The Recipient shall indemnify and save harmless the Department from and against all claims, losses, damages, costs and expenses related to the performance by the Recipient of its obligations pursuant to this Agreement."

While this provision exposes the City to unlimited liability, it should not prevent the City of London from entering into the Agreement as the benefit of the work outweighs the associated risk from the indemnity provision.

More clearly, the City of London will mitigate risks associated in the Agreement by using the optimum level of oversight and control, enabling the City of London to manage risk and ensure objectives are met. This will be done using clearly defined expectations of the objectives, insurance and transfer controls for activities that are supported by this project.

3.0 Financial Impact/Considerations

3.1 Funding

There is no financial impact to the Corporation for the Contribution Agreement between the City of London and Immigration, Refugees and Citizenship Canada.

Conclusion

The London & Middlesex Local Immigration Partnership has been working with the community since 2009 to settle and integrate immigrants. A strong project team and

large group of dedicated volunteers have contributed to positive outcomes for immigrants. These efforts contribute directly to Council's vision and efforts of building a welcoming and inclusive community for all.
