## **Planning Policies**

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Multi-family, Medium Density Residential and Open Space in the 1989 Official Plan. The Multi-family, Medium Density Residential designation permits multiple attached dwellings such as row houses or cluster houses, low-rise apartment buildings, rooming and boarding houses, emergency care facilities, converted dwellings, and small-scale nursing homes, rest homes and homes for the aged as the main uses. The Open Space designation permits parks, private open space, flood plain lands and lands that are subject to natural hazards, components of the Natural Heritage System, and lands that contribute to important ecological functions as the main uses.

The subject lands are in the Neighbourhoods and Green Space Place Types in The London Plan. The Neighbourhoods Place Type permits a broad range of housing types including stacked townhouses and low-rise apartment buildings, home occupations, group homes, small-scale community facilities, emergency care establishments, rooming houses, supervised correctional residences, mixed-use buildings and stand-alone retail, service, and office buildings. A site-specific policy approved by the Local Planning Appeal Tribunal (now the Ontario Land Tribunal) permits retail, service and office uses to have a combined maximum floor area of 5,000 sq. m. subject to conditions. The permitted uses in the Green Space Place Type vary considerably dependent on natural heritage features, hazards and natural resources and may include parks, private green space uses such as cemeteries and private golf courses, agriculture, woodlot management, horticulture and urban gardens, conservation, essential public utilities and municipal services, storm water management, and recreational and community services.
