Experience and Qualifications

If you have experience on a London Board or Commission, please provide dates and details. (max. 3000 characters):

Secretary / Director — Downtown London Business Association 2020 — current

• member of the Executive, Finance, and Governance committees; Strategic Plan task force member

Secretary / Director — MainStreet London 2020 — current

• member of the MSL Governance / re-purpose task force

What do you hope to contribute or learn as part of a Board or Commission? (max. 3000 characters):

LPL is in a similar position as DTL - new strategic plans in hand, with similar missions, albeit with different yet complementary means to achieve -- hosting inspirational places, fostering possibility, delivering exceptional experiences, and supporting engagement of the community.

I would look to bring my private sector telecom / regulatory law / management consulting experience as well as my experience with the DTL board to supporting the achievement of the LPL strategic plan, whilst being an effective steward of public resource, and operating under the guidance of applicable Acts.

How will you support the work of a Board or Commission? (max. 3000 characters): **Internet has greatly changed how library systems are perceived and/or are valued by the broader public. I think we need to examine the circulating library's role in an expanded social perspective as a public civic space -- an inclusive third place.**

I believe that the public library is an important institution for Londoners, because it levels access to knowledge, and defines that third place inclusive of socio-economic and/or cultural classes.

I would be interested in serving as a trustee because I believe the public library strengthens the social equity of our community, and I would do so with a responsible ratepayer return focus.

Please describe additional experience, training, or community involvement that will help you in your role as a Board or Commission Member. (max. 3000 characters): **Incoming board member for the Italian Seniors' Project, who as part of the The Vision SoHo Alliance, will be developing mixed-use housing that will help increase the supply of affordable housing in our community.**

LPL asset is a complementary third place and programming space (thinking Neighbourhood and Community-wide service programming like the successful Seniors' Satellite programmes)
