- Establish clear feedback loops

Pilot Project: Community Engagement Panel

- Identify key issues that are important to equity-deserving groups
- Identify engagement barriers facing equity-deserving groups and propose solutions
- Review and provide input on engagement plans and MMP deliverables from each members' unique lived experiences
- Assist in evaluating and coordinating and/or conducting outreach and engagement activities
- Consult with staff on how to analyse, understand and respond to community's needs and concerns
- Identify additional feedback loops necessary to keep equity-deserving groups informed/engaged

Draft Vision Statement

“In 2050, Londoners of all identities, abilities and means will have viable mobility options to allow them to move throughout the city safely and efficiently. The movement of people and goods will be environmentally sustainable, affordable, and supportive of economic growth and development.”

Environmentally sustainable:

Take bold action to address climate change and design and move in ways that protect and enhance the natural environment.

Integrated, connected and efficient:

Strengthen community and the economy with better access to people, places, goods and services as London grows.

Mobility Master Plan Guiding Principles

Financially sustainable:

Ensure mobility and its infrastructure is affordable for current and future generations.

Healthy and safe:

Promote and protect the physical, mental and social wellbeing of all and encourage active living.

Equitable:

Recognize diverse mobility needs and embed equity into decision making to enable everyone to move through the city.
