

# Wastewater Treatment Operations Master Plan

PUBLIC NOTICE

February 2022

## Project

The City of London is concluding its Wastewater Treatment Operations Master Plan, which has been completed as a Master Plan in accordance with the Municipal Engineers Association Municipal Class Environmental Assessment (2000, as amended in 2007, 2011 and 2015). The Master Plan provides a long-range plan for the City's wastewater system infrastructure to accommodate population growth and meet the City's environmental, social, and economic commitments.

## Process

This Master Plan was undertaken in accordance with the Ontario Environmental Assessment (EA) Act and covered Phases 1 and 2 of the Municipal Class EA Process, including the definition of a problem or opportunity, as well as the identification and evaluation of potential alternative solutions. At this time, a Master Plan Report has been completed to provide a recommended implementation plan for the City's wastewater pumping stations and treatment plants. The Master Plan Report will be available online for review:

<https://getinvolved.london.ca/wastewater-master-plan>

Interested persons may provide written comments to our project team by March 22, 2022. All comments and concerns should be sent directly to Marcy McKillop at the City of London (contact information provided below on next page).

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e. requiring an individual/comprehensive E approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name.

Requests should specify what kind of order is being requested (request for conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy potential adverse impacts on Aboriginal and treaty rights, and any information in support of the statements in the request. This will ensure that the ministry is able to efficiently begin reviewing the request.

### Legend

-  Wastewater Treatment Plants (5)
  -  Major Pumping Stations
  -  Major Forcemains
  -  Sanitary Sewer (Greater than 750 mm Dia)
- Sewershed Catchment Area**
-  Adelaide
  -  Greenway
  -  Oxford
  -  Pottersburg
  -  Vauxhall
  -  Greenway (Dingman)

The request should be sent in writing or by email to:

Minister of the Environment, Conservation and Parks  
Ministry of Environment, Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto ON M7A 2J3  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

and

Director, Environmental Assessment Branch  
Ministry of Environment, Conservation and Parks  
135 St. Clair Ave. W, 1st Floor  
Toronto ON, M4V 1P5  
[EABDirector@ontario.ca](mailto:EABDirector@ontario.ca)

Requests should also be copied to Marcy McKillop at the City of London by mail or by e-mail.

Please visit the ministry's website for more information on requests for orders under section 16 of the Environmental Assessment Act at: <https://www.ontario.ca/page/class-environmentalassessments-part-ii-order>

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the Environmental Assessment Act and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.

## Your feedback is important to us
