Experience and Qualifications

If you have experience on a London Advisory Committee, please provide dates and details. (max. 250 characters): **No previous experience on an Advisory Committee but I was on the London Public Library Board for 7 years with one year as Chair.**

What do you hope to contribute or learn as part of a Community Advisory Committee? (max. 250 characters): **I have a dedicated interest in animal welfare and as a retired university professor, I have strong research skills so I hope to bring that background to the committee. My academic background is agricultural geography, so animal welfare has always been a major concern of mine. I realize this committee does not deal with farm animals but some issues are similar for other domestic animals. I also support the work of the London rescue group Animalert and have assisted them in their fundraising efforts.**

How will you support the work of a Community Advisory Committee? (max. 250 characters): **In addition to the research skills that I have, I will support the work of the committee by regular attendance at meetings and serving on any subcommittees that they might need. I also have considerable managerial skills because I held administrative positions in our Faculty for over 10 years (including positions as Associate Dean, Acting Dean and Program Chair).**

Please describe additional experience, training, or community involvement that will help you in your role as a Community Advisory Committee Member. (max. 250 characters):

PhD, Dept. of Geography, UWO, 1991

MLIS, School of Library and Information Science, UWO, 1974
