### Experience and Qualifications

If you have experience on a London Advisory Committee, please provide dates and details. (max. 250 characters): **I do not have any experience on a London Advisory Committee, however I have served on a couple of advisory committees as an Indigenous Liaison. What do you hope to contribute or learn as part of a Community Advisory Committee? (max. 250 characters): **I would like an opportunity to sit and have a weighted opinion. I am born and raised in London, but left to live in the United States in 2007 where I would further my education and take every opportunity I could to meet and see new people and places. During that time, I was afforded the opportunity to visit several senators and governors in Washington DC while lobbying for Higher Education in Indian Country with the American Indian College Fund. I was also able to be a liaison for the City of Fargo, helping community members achieve goals with various service providers in the area related to the justice system, school system, and housing authority. Although I love my hometown and am happy to be home, I see some gaps that can be remedied; I'd like to be a part of that.**

How will you support the work of a Community Advisory Committee? (max. 250 characters): **I can support by offering my honest opinion and ideas to the committee.**

Please describe additional experience, training, or community involvement that will help you in your role as a Community Advisory Committee Member. (max. 250 characters): **- Fellowship with the American Indian College Fund**
