What do you hope to contribute or learn as part of a Community Advisory Committee? (max. 250 characters): **I have seen what has slowly become of our city and we need to as a team come up with positive ideas and feedback to make our city better. Over the years I believe my eyes have opened wider and I have become more adaptable and able to work well with others as a group. Good listener to others in ideas, suggests keeping a open mind looking at everything. Waving out are these ideas short term, long term, is it just a pilot project that will succeed for everyone involved. Bottom line I would like to be able to hold my head up head and say I WAS PART OF THIS - LOOK WHAT WE HAVE ACCOMPLISHED.**

How will you support the work of a Community Advisory Committee? (max. 250 characters): **being involved 100% , Please keep a open mind just because I do not have a degree does excluded me from being a great fit for this committee. Sometime life skills is a huge asset to helping solve ongoing issues in a group**

Please describe additional experience, training, or community involvement that will help you in your role as a Community Advisory Committee Member. (max. 250 characters): **Currently doing security alot of people have probably seen me at different locations but may not know my name. From working the street in the downtown core, or the temporary shelters or screening I would say I am really not your typical security. Don't get me wrong I do my job very well but I am always going above and beyond to put a smile on someones face or give them a laugh, opening a door, giving direction or just listening. I have been told quite frequently I talk too much doing my job.**
