Trees Give Aways							0
MLHU	3					3	0
National Tree Day	350					350	0
Total Planted by Others	5492		500	0	0	4992	0
Total Planted: CoL and Community Groups		10872	4667	921	292	4992	0

DBH Classes

0-9	10-49	50-99	100 +
-----	-------	-------	-------

data mining required for L/M/O breakdown

data mining required for L/M/O breakdown

Removed by City of London	Total
Regular Mtce	
EAB on boulevards	3390
EAB in parks	1880
Road/Sewer Construction Related	72
For Development applications	unknown
Total City Trees Removed	5342

Planting Requests	Total
# Requests planted so far this year	?
# Requests Resolved with no Planting	?
# Still in System	?
Total Requests	0

We couldn't identify planting workorders associated with removal workorders from just planting requests from homeowners. They sometimes overlap

Measures	
% of Requests fulfilled this year	#VALUE!
Length of time requests waiting???	
Replacement planting rate (%)	82.83%

(I think this is # infill planted / # requested planted ?)

(Trees Planted by City/Trees removed)

It should be noted that all the numbers above are a best estimate. In some cases, information of the specific size of tree is not available without considerable work to find the numbers. The removals are based on unreliable reports generated from both the inventory and the work orders and fluctuate each time a report is generated. This document is a working copy meant to give a general picture of the tree planting and removals in the City, but should not be used as exact numbers. Some numbers with respect to EAB removals and planting have not been received from Forestry operations.
