May 20, 2022

To whom it may concern,

Childhood Cancer Canada is asking cities all across Canada to make a Proclamation for Childhood Cancer Awareness Month this September.

Please consider this an official request of the city of London to make a Proclamation on September 1st, 2022.

Cancer is the leading cause of death by disease of Canadian children and 1 in 5 children will not survive beyond 5 years after diagnosis. With approximately 1,500 children and youth diagnosed each year, it is a cause close to the hearts of many Canadian families.

Childhood Cancer Canada, supports children and their families through a variety of programs and support such as the Emergency Fund, Empower Packs, Survivorship Scholarships, the Benevolent Fund, and more.

Since 2004, the foundation has been the primary charitable funding partner of clinical trials and childhood cancer research for C17 Council (Children's Cancers & Blood Disorders), comprised of Canada's leading pediatric oncologists and hematologists. Childhood Cancer Canada also funds sequencing of hard-to-cure childhood cancers through the PROFYLE (PRecision Oncology For Young peopLE) program to identify new therapies that are tailored to each patient and to improve the outcomes in hard-to-cure childhood cancers.

Please let us know if you are able to help facilitate a proclamation for Childhood Cancer Awareness Month, and if so, our next steps.

For more information on our organization and programs, please visit childhoodcancer.ca.

Sincerely,

A handwritten signature in blue ink that reads "S. Hancox". The signature is written in a cursive, flowing style.
