Re: Heritage Conservation District Designation for Orchard Park/Sherwood Forest Community

Dear Don:

At a very well attended Annual General Meeting on May 1st the Lower Medway Valley Ratepayers Association (a.k.a. Orchard Park/Sherwood Forest Ratepayers) presented the idea of our community becoming a Heritage Conservation District and what that designation may mean to the homeowners both in terms of benefits and drawbacks. We then opened the floor to questions and asked for a vote. An overwhelming majority supported the idea and passed a motion asking the Executive to have the Orchard Park/Sherwood Forest community added to the list of potential Heritage Conservation Districts.

Please accept this letter on behalf of our community as our official request to move forward with the process.

Sincerely,

Therron D. Jones, P.Eng.
