Subject: [EXTERNAL] Re: TFAC Agenda - April 27th

Hello,

I was hoping to discuss the smoking bylaw within the city of London, and how it is effecting forests and park trees within the community.

<https://london.ca/by-laws/smoke-free-public-places-law-ph-10>

<https://london.ca/by-laws/smoking-near-recreation-amenities-entrances-law-6924-85>

-bylaws for no smoking within 9 metres of playgrounds, parks and recreation amenities.

<https://www.healthunit.com/workplaces-and-public-places#publicplaces>

-definition of public places, related to no smoking or vaping.

Cities that are already smoke free communities:

<https://www.citywindsor.ca/cityhall/by-laws-online/pages/smoke-free-ygg-smoking-by-law.aspx>

<https://www.niagararegion.ca/health/substances/tobacco/smoke-free-outdoor-spaces.aspx>

-specific about park trails, and benches.

Sorry for the late addition,

Thanks for your time.

Alex Hames.
