I believe in collective wisdom and intelligence. I've commanded public service organizations in a strong unionized and multi culture environment at all levels. Being a negotiation specialist my approach towards conflict resolution has been through appreciating and understanding of point views of different groups within an organization, communities, different organizations and stakeholders and then operating in team environment, generating consensus among members of working group belonging to different professions by accommodating and refinement of ideas generated during group meetings.

As a semi-retiree, I have proven that I have the commitment and energy to do more than just show up for a meeting and that I can work together with Organization staff, unions, corporate sector, industries, business chambers, law firms, and City council members to add value. I've always actively contributed in work- groups and participated in Advisory committee meetings.

My public sector experience has taught me how to represent an organization responsibly and responsively on a forum of another organization and act efficiently within mandate, roles & responsibilities entrusted.

I thoroughly understand how to safeguard the interests of organizations at other organization's forums and communicate back & forth for resolution of any problem in a time efficient manner without compromising on programs, procedures & policies of my organization i will represent.
