Experience and Qualifications

If you have experience on a London Board or Commission, please provide dates and details. (max. 3000 characters):

No previous experience on a London Board or Commission.

What do you hope to contribute or learn as part of a Board or Commission? (max. 3000 characters):

I am a youthful, passionate, and highly motivated individual who believes they can bring a fresh new perspective to this Board. Over the last five years, I have been heavily involved in politics and have worked on elections across the provincial, federal, and municipal levels. I believe that my background and unique perspectives will help address any issues relevant to this Board.

How will you support the work of a Board or Commission? (max. 3000 characters):

The LPL is more than just a place of access to physical and digital archives. The LPL ties communities together and strengthens the bond between its inhabitants. The LPL offers various services that are integral to community strength and these services must be preserved. To do so, the LPL must be viewed as a civic service provider. As a part of the LPL Board, I would be focused on maintaining the LPL as a focal point of the community in order to allow for the further innovation of society. I am also interested in leveraging my communications and stakeholder relations experience as it may help direct those who need access to services while also assisting in potentially refining them.

Please describe additional experience, training, or community involvement that will help you in your role as a Board or Commission Member. (max. 3000 characters):

I have experience in consulting and management. I have worked in the public sector for the last five years and have experiences in problem solving, creative design, communications, and stakeholder relations. As a recent graduate from Western University, I made significant effort to be involved within the student body. I was an Executive Member of the school paper (2018-19). I was also a member of the Board of First Years (2016-17) where I was in charge of setting up events for first year students and making sure students were well integrated and had equal access to resources. I hope to bring my social and political experience to the LPL to deliver the strategic plan.
