

Hi Heather,

My apologies for today. My day went sideways and as I was realizing I was missing the meeting, I came to the difficult conclusion that my workload this school year will be too high to manage the committee. I also thought that Wednesdays would work but I can see in this first week of the school that it just won't be possible.

With much regret, I will have to bow out of ESACAC. Please pass on my apologies to the committee.

Sincerely,
Michael Ross
