**Subject:** PIE rep on ACCAC

I have agreement in principle from Wendy Lau (PIE chair) to have Jewel Hartviksen serve as the PIE rep on ACCAC. (This is one of the positions we recommended changing to any employment sector rep). Jewel works for Goodwill, a PIE agency, and would fit the current mandate. She has regularly attended as an observer and has occasionally been asked for input related to employment issues already. She is actively involved in the conference planning this year as well. She had submitted her application to join as a member at large. I spoke with her after the last meeting and she is willing to accept and interested in a non-voting member position.

PIE's only apprehension is in how Jewel would report back on ACCAC activities and undertakings. They do not meet again until fall, but agreed this was only a procedural concern and something we could figure out.
