**To:** Chair and Members  
Corporate Services Committee

**From:** Anna Lisa Barbon, CPA, CGA, Deputy City Manager, Finance Supports

**Subject:** Authorization for Temporary Borrowing

**Date:** November 28, 2022

## Recommendation

That, on the recommendation of the Deputy City Manager, Finance Supports, the attached proposed by-law (Appendix “A”) **BE INTRODUCED** at the Municipal Council meeting on December 13, 2022, to authorize the temporary borrowing of certain sums to meet current expenditures of The Corporation of the City of London for the year 2023.

## Executive Summary

The purpose of the proposed by-law is to authorize the City Treasurer or Deputy Treasurer to temporarily borrow funds, not exceeding \$102 million, to meet current expenditures, if required for 2023. This by-law is brought forward on an annual basis and authorization is granted as a precautionary measure for the City’s temporary credit facility and for continued usage of corporate procurement cards.

## Linkage to the Corporate Strategic Plan

Council’s 2019 to 2023 Strategic Plan for the City of London identifies “Leading in Public Service” as one of five strategic areas of focus. Authorization for temporary borrowing supports this strategic area of focus by contributing to the strategy “Continue to ensure the strength and sustainability of London’s finances”. This strategy, among others, helps to ensure that the City’s finances are transparent and well planned and that they balance equity and affordability over the long term. This Authorization for Temporary Borrowing report ensures that the proper mechanisms are in place to manage cash flows and to help maintain the City’s stable operations.

### 2.0 Discussion and Considerations

Section 407 of the Municipal Act, 2001, S.O. 2001, c.25, as amended, allows a municipality to authorize temporary borrowing, at any time during the fiscal year, the amounts considered necessary to meet expenses of the municipality for the year until taxes are collected and other revenues are received.

The City’s best option for temporary borrowing is internally from the City’s Reserve Funds, rather than obtaining external financing. A fair rate of interest is earned by the Reserve Funds and charged to the General Fund during the borrowing period. If cash from Reserve Funds is not available for temporary borrowing, the City will seek external options, such as drawing on an operating line of credit held at the City’s bank. The City has never drawn on its

line of credit but has borrowed from Reserve Funds in the past, which was last done in January 2012.

Civic Administration actively monitors liquidity in order to ensure an adequate cash position is maintained to meet obligations as they come due throughout the year.

It is not anticipated that the City’s line of credit will need to be utilized in 2023. However, the proposed temporary borrowing by-law is being brought forward at this time as a precautionary measure in the event of any unanticipated near-term cash requirements or interruptions in operating cash flows and to ensure this by-law is in effect on the first day of 2023.

Furthermore, the temporary borrowing by-law supports the continued use of the City of London’s procurement card program. Procurement cards are considered a borrowing facility and require approval annually under this by-law.

**3.0 Financial Impact/Considerations**

The temporary borrowing of funds through the line of credit, if required, would result in additional interest charges in the 2023 budget. Procurement cards assist and support the purchase of allowable goods and services and approved balances are paid regularly, not resulting in interest charges.

**Conclusion**

The authorization for temporary borrowing ensures that the proper mechanisms are in place to manage cash flows and promotes stable operations, even during any unanticipated or unforeseen events. The need for temporary borrowing through the City’s line of credit is not currently anticipated to be required in 2023.
