

Notice of Planning Application
931 - 1225 Southdale Road East

Why do so many existing units have to be torn down? There is plenty of land in the surrounding area eg. east of Commissioners Road.

Why do so many people have to lose their existing homes? This is an expense. People will have to be moved to another place.

This area is a residential area and since these are commercial buildings that will be built it will decrease the value of residential homes in this area.
