Application Details

The purpose and effect of this Official Plan and zoning change is to permit a mixed-use commercial/office/residential development. The requested commercial component, located on approximately the southerly 2/3 of the site, includes a grocery store, a 2-storey commercial/office building, and a single-storey commercial building, with a total gross floor area (GFA) of 5,000m² and a drive through facility. The requested office component within the commercial development has an area of approximately 555m²(REVISED). The requested residential component, located on approximately the north 1/3 of the site includes four, three-storey stacked townhouse buildings with a total of 30 units (density 97 uph)(REVISED). The easterly part of the site is proposed to remain undeveloped to promote the protection and preservation of a Provincially Significant Wetland and associated natural heritage features and buffers.

Requested Amendment to the 1989 Official Plan

***Please note: The original application contained a request to amend the 1989 Official Plan. Since that time the 1989 Official Plan has been rescinded and is no longer in force and effect.**

Requested Amendment to The London Plan (New Official Plan)

To change the Place Type on Map 1 for a portion of the property from Green Space to Neighbourhoods, and from Neighbourhoods to Green Space; and to modify the natural heritage features on Map 5 to reflect current Ministry of Natural Resources and Forestry mapping.

Requested Zoning By-law Amendment

To change the zoning from an Urban Reserve (UR2) Zone to a Residential R8 Special Provision (R8-4()) Zone, a Community Shopping Area Special Provision (CSA1()) Zone, and an Open Space (OS5) Zone. Also to place a Holding Zone (h-129) on a portion of the site (within a portion of the R8-4() Zone and the Open Space (OS5) Zone) to prohibit development in order to accommodate an interim flood storage solution until permanent flood storage measures are identified.

Both Official Plans and the Zoning By-law are available at london.ca.

An Environmental Impact Assessment has been prepared to assist in the evaluation of this application.

Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Multi-family, Medium Density Residential and Open Space in the 1989 Official Plan. The Multi-family, Medium Density Residential designation permits multiple attached dwellings such as row houses or cluster houses, low-rise apartment buildings, rooming and boarding houses, emergency care facilities, converted dwellings, and small-scale nursing homes, rest homes and homes for the aged as the main uses. The Open Space designation permits parks, private open space, flood plain lands and lands that are subject to natural hazards, components of the Natural Heritage System, and lands that contribute to important ecological functions as the main uses.

The subject lands are in the Neighbourhoods and Green Space Place Types in The London Plan. The Neighbourhoods Place Type permits a broad range of housing types including stacked townhouses and low-rise apartment buildings, home occupations, group homes, small-scale community facilities, emergency care establishments, rooming houses, supervised correctional residences, mixed-use buildings and stand-alone retail, service, and office buildings. A site-specific policy approved by the Local Planning Appeal Tribunal (now the Ontario Land Tribunal) permits retail, service and office uses to have a combined maximum floor area of 5,000 sq. m. subject to conditions. The permitted uses in the Green Space Place Type vary considerably dependent on natural heritage features, hazards and natural resources and may include parks, private green space uses such as cemeteries and private golf courses, agriculture, woodlot management, horticulture and urban gardens, conservation, essential public utilities and municipal services, storm water management, and recreational and community services.
