Chair and Members  
Community and Protective Services Committee

**Re: Music on Patio By-Law**

I respectfully request to review section 4.18 of the By-law, and ask Staff to review the possibility of allowing acoustic music during reasonable hours at established restaurants/bar patios.

The zoning by-law that took effect in 1993 prohibits any type of entertainment on patios associated with restaurants and bars.

4.18

5) ENTERTAINMENT

No music (whether performed live or recorded), dancing or other forms of entertainment shall be permitted.

There are some establishments that predate the By-law and are "Deemed to Conform".

Respectfully submitted,

Denise Brown  
Councillor, Ward 11
