Subject: [EXTERNAL] March 8th Strategic Priorities and Policy Committee

Hi there,

I'd like to register to speak at the March 8th SPPC meeting.

I would like my comments to appear on the agenda.

My name's Seth. I am a husband, a father, and a physician who lives in Old South. Our city, our country, and our planet are steering towards natural disaster. I like the concept of the "healthy transport pyramid" as a means to correct our course. We need to incentivize walking and wheeling most of all. This needs to be done *at the expense* of cars. Cycling, public transport, and ride sharing should then be incentivized *in that order*. Make walking and cycling safer and more convenient. Build better public transit. Make driving cars less convenient. The power to make improve the health of our city is in your hands. Please do not mess this up.

Cheers,

-Seth

Seth Climans, MD, FRCPC
Neurologist
