Hi

Thank you for your email.

April 4 is fine.

Ontario Health (Trillium Gift of Life Network) is responsible for delivering and coordinating organ and tissue donation and transplantation services across the province, as well as for planning, promoting and supporting all health care and allied professionals, advocates and the Ontario public in fulfilling their shared and integrated responsibilities in saving the lives of Ontarians waiting for a life-saving transplant.

London Health Sciences Centre is one of 8 transplant hospitals across the province.

London has a donor registration rate of 43%.

There are almost 1,400 Ontarians waiting for a life-saving organ transplant and every three days someone dies while waiting.

One organ donor can save up to 8 lives and enhance the lives of 75 others through the gift of tissue.

The goal during BeADonor Month is to encourage Ontarians across the province to register consent to donate at [www.beadonor.ca](http://www.beadonor.ca) or in person at any ServiceOntario location.

I hope that helps.

Thank you,  
Rachel
